

IMPORTANCE OF SKILL-BASED LEARNING IN MODERN EDUCATION

A shift towards skill-based learning is vital for preparing students for an uncertain future. The world today is adopting a skills-first approach, emphasizing capabilities like critical thinking, problem-solving, creativity, digital literacy, global citizenship, and interpersonal skills as essential for the 21st-century workforce. By integrating vocational and skill-based education into curricula and assessments, we can make learning more inclusive and relevant. This not only equips students for emerging careers but also empowers those currently excluded from mainstream education. Skill-based pathways open doors for diverse learners – especially from underserved communities – enabling them to pursue meaningful livelihoods. India's education system must prioritize hands-on, competency-driven learning to bridge the opportunity gap and build a workforce ready for the future.

MR. SHISHIR JAIPURIA, Chairman
Seth Anandram Jaipuria Education Society

MR. ANAND AHUJA
Chairman
Seth Anandram Jaipuria School,
Unnao

Skill-based learning challenges students to look beyond traditional boundaries and fosters a creative approach to problem-solving. It prepares them for the jobs of tomorrow and also cultivates the mindset of innovators, entrepreneurs, and leaders who can shape the future. To truly prepare our students for the challenges and opportunities of the future, we must ensure that our educational systems place a strong emphasis on practical, hands-on learning experiences that go beyond textbooks, which will empower them to navigate the complexities of an increasingly dynamic world. It will not only make learning easy but also more efficient.

MR. KISHORE MEHROTRA
Secretary
Seth Anandram Jaipuria School,
Alambagh Campus, Lucknow

As the Secretary of Seth Anandram Jaipuria School, Alambagh Campus, I firmly believe skill-based learning is essential in today's world. It nurtures creativity, critical thinking, and real-world problem-solving, preparing students for future careers and life challenges. At our school, we integrate skill development with academics to ensure holistic growth. Empowering students with practical skills builds confidence and equips them to become responsible, self-reliant individuals. Through experiential learning, collaborative projects, and hands-on activities, we aim to shape adaptable and future-ready global citizens.

MR. KRISHNA KANT PANDEY
Director
Seth Anandram Jaipuria School,
Tarna, Varanasi

In today's fast-paced, technology-driven world, skill-based learning has emerged as a crucial component of modern education. By focusing on practical skills like critical thinking, problem-solving, and collaboration, students can apply theoretical knowledge to real-world problems, making them more employable. Skill-based learning also promotes creativity and innovation enabling individuals to stay relevant in an ever-changing job market. By prioritizing this approach, educators can equip students with the skill set required to succeed in their future careers and make meaningful contributions to society. It's a key strategy for future-proofing education.

DR. AJAY ARORA
Managing Director
Seth Anandram Jaipuria School,
Sitarganj

In the modern world, education must go beyond textbooks. Skill-based learning is essential in today's education system. It focuses on practical knowledge, critical thinking, and real-world application, helping students become job-ready. Unlike rote learning, it encourages creativity, problem-solving, and independence. In a fast-changing world, skill development in areas like communication, technology, and teamwork prepares students for future careers. It bridges the gap between education and employment, making learning more meaningful and effective. To prepare youth for tomorrow, our education system must focus more on skill development than just theoretical knowledge.

MR. PUSHPRAJ SINGH PARIHAR
Secretary
Seth Anandram Jaipuria School,
Satna

In the field of education, I firmly believe that skill-based learning is fundamental to preparing students for the demands of the modern world. In today's dynamic job market, academic knowledge alone is no longer sufficient. Our institutions must cultivate practical thinking, communication, collaboration, digital literacy, and problem-solving. Skill-based education not only enhances employability but also empowers students to adapt to new challenges and new technologies with confidence. By integrating real-world applications into the curriculum, we bridge the gap between education and industry, ensuring our learners are not only educated but also prepared for life.

MR. SHIV PRASAD YADAV
Chairman
Seth Anandram Jaipuria School,
Dibiyapur

In today's fast-paced, technology-driven world, traditional education alone is no longer sufficient. The modern world demands individuals with specialized skills, adaptability, and a mind-set for continuous learning. Skill-based learning is essential, as it ensures students are job-ready and capable of applying theoretical knowledge to real-world challenges. It nurtures critical thinking, creativity, innovation, and problem-solving while also enhancing communication, teamwork, and leadership abilities. This practical approach is more engaging and motivating as students see the relevance of their education. Without integrating skill-based learning, the vision of a developed Bharat will remain a distant dream.

MR. PRATEEK AGRAWAL
Director
Seth Anandram Jaipuria School,
Nanpara

Skill based learning contributes to holistic growth, employability, adaptability, self-confidence, and the development of life skills. It is necessary to thrive in a competitive world where versatility and adaptability are highly prized. We at Jaipuria encourage individuals to explore their passions and cultivate their talents, preparing each student for the challenges and opportunities of the 21st century. We believe skills in a field make you feel confident among your peers and will help you perform better. Critical thinking skills are the need of the hour to evaluate the information they are taking in. Critical thinking skills will help students determine what is true, what is false, and what is an opinion.

MS. SATYABHAMA SINGH
Chairperson
Seth Anandram Jaipuria School,
Greater Noida (West)

Skill-based learning challenges the traditional outlook of education, advocating for a shift from theoretical knowledge to practical competence. While academic achievements will always remain important, the rapid pace of technological advancement demands adaptable, real-world skills. Critics argue that an overemphasis on skill-building may undermine intellectual depth, but integrating skills with theory fosters a more holistic understanding. In today's job market, where employers prefer hands-on experience over mere theoretical knowledge, skill-based education is essential for preparing students to face complex challenges to grab new opportunities.

MS. MANJU MISHRA
Director
Seth Anandram Jaipuria School,
Gauriganj, Amethi

Today's fast-changing job market makes skill-based learning a key part of modern education. Unlike rote learning, it builds critical thinking, creativity, and problem-solving skills. This type of learning combines knowledge with practical skills, helping students get ready for many career paths. In a fast-paced world, being hands-on and flexible is important for success. Skill-based learning also boosts confidence and personal growth, encouraging students to keep learning throughout life. When students are active and interested, they don't just become knowledgeable, they become capable, well-prepared, and ready to face real-world challenges.

MR. ASHISH AGGARWAL
Director
Seth Anandram Jaipuria School,
Sidhauri

As a director shaping the future of education, I believe skill-based learning is the heartbeat of modern schooling. It moves beyond textbooks, unlocking the true potential of students through practical, hands-on experiences. In an age where adaptability, communication, and tech-savviness define success, we must cultivate creators, not just crammers. Skill-based education makes learning relevant, engaging, and purposeful—equipping students not just to survive but to lead in a competitive world. Let’s build institutions where skills meet vision and make every learner future-ready. Skills shape the minds of the learners for tomorrow.

DR. AMRESH GUPTA
Co-Chairman
Seth Anandram Jaipuria School,
Ved Campus, Barabanki

Modern education must focus on skill-based learning to meet today’s demands. Academic knowledge alone isn’t enough; students need hands-on experiences that build critical thinking, digital literacy, and emotional intelligence. Skills like collaboration, leadership, and adaptability are essential in the 21st-century workplace. By integrating real-world applications into education, students become better prepared for future opportunities. Skill-based learning makes education more engaging, relevant, and impactful, equipping learners with the tools they need to thrive in both life and career. It bridges the gap between learning and doing.

DR. SANTOSH PANDEY
Co-Chairman
Seth Anandram Jaipuria School,
Ved Campus, Barabanki

Skill-based learning plays a vital role in modern education by preparing students for real-life challenges. Instead of memorizing facts, learners gain practical abilities like communication, problem-solving, and teamwork. These skills increase employability and adaptability in a rapidly changing world. Skill-based education also encourages creativity and independent thinking, making students more confident and self-reliant. As industries evolve, schools must focus on teaching relevant skills to help students succeed in their careers and make meaningful contributions to society. It transforms classrooms into hubs of innovation and purposeful learning.

MR. IKHLAQ AHMAD, President
Seth Anandram Jaipuria School &
Little ONE The Jaipuria Preschool,
Jajmau, Kanpur

In today’s tech-driven world, children are consumed by AI and social media, often neglecting real-life skills. Their minds are active online but passive in practice. Skill-based education is the need of the hour—it fosters creativity, problem-solving, and real-world readiness. As rightly said, “The illiterate of the 21st century will be those who cannot learn, unlearn, and relearn.” Integrating skill-based learning into modern education ensures that our children think, create, and grow beyond screens and rote learning. It reconnects them with meaningful, hands-on experiences that shape both character and competence. Skills make learning come alive.

MR. SIDDHANT CHHAPARIA
Managing Director
Seth Anandram Jaipuria School,
Deoria

Skill-based learning is a crucial aspect of modern education and is imperative in today’s modern world era. Skill-based learning focuses on developing practical skills that employers look for in candidates, making students more employable, and by learning skills like coding, data analysis, or design thinking, students develop critical thinking and problem-solving abilities. It also encourages students to think creatively and develop innovative solutions which allows students to focus on areas they’re passionate about, making learning more engaging and effective. Henceforth, by incorporating skill-based learning, education can better equip students for success in an ever-changing world.

MS. UMA CHAUDHARY
Managing Director
Seth Anandram Jaipuria School,
Sadhu Campus, Barabanki

Skill-based education is essential for preparing students for real-world challenges. Unlike traditional learning that focuses on theory, skill-based education emphasises practical abilities like problem-solving, communication, creativity, and digital literacy. It helps students discover their strengths, make informed career choices, and become more adaptable in a fast-changing job market. By integrating hands-on learning into the curriculum, schools can bridge the gap between education and employment. This approach not only improves academic understanding but also boosts confidence and employability. Skill-based education is key to nurturing a future-ready generation equipped for personal and professional success.

MR. ABHISHEK PRATAP SINGH
Chairman
Seth Anandram Jaipuria School,
Barra, Kanpur

Where tradition meets innovation – Seth Anandram Jaipuria School, Barra, Kanpur nurtures future leaders through experiential learning, progressive pedagogy, and a values-driven environment. We ensure holistic development and unwavering academic rigour for learners poised to shape a brighter tomorrow. Our curriculum integrates real-world skills with core values, fostering confidence and curiosity. With a focus on both intellect and character, we prepare students to lead with purpose and integrity. From collaborative projects to hands-on learning, every experience is designed to spark innovation.

MS. SUCHITRA SHUKLA
Chairman
Seth Anandram Jaipuria School,
Majnai, Ayodhya

In today’s world, practical skills are valued more than theoretical knowledge. The corporate sector seeks individuals who can apply what they know to real-world problems. Skill-based education enhances understanding through hands-on learning, making students more aware and prepared for societal challenges. It helps in choosing suitable career paths, increasing employment opportunities, and reducing unemployment. Skill education also adds to a person’s practical experience, offering an advantage over those with only academic knowledge. To ensure future employability and address job market demands, education must prioritize skill development as waiting any longer could mean missing vital opportunities for progress.

MR. YASH SRIVASTAVA
Director
Little ONE The Jaipuria Preschool
Rajajipuram, Lucknow

Skill-based learning is essential in modern education as it equips students with practical abilities required in real-world scenarios. Unlike rote learning, this approach emphasizes critical thinking, problem-solving, and hands-on experience. It prepares learners for dynamic job markets and fosters innovation and adaptability. By integrating skills such as coding, communication, and collaboration into curricula, education becomes more relevant and impactful. Ultimately, skill-based learning bridges the gap between theoretical knowledge and professional competence. It empowers students to take initiative and apply their learning with confidence. Such an approach lays the foundation for lifelong growth and success.

MR. NITIN GARG
Director
Seth Anandram Jaipuria School,
Saharanpur

As we navigate the complexities of modern education, it’s clear that skill-based learning is crucial for our students’ success. By integrating practical skills into our curriculum, we empower them to think critically, solve problems creatively, and adapt to an ever-changing world. At our school, we’re committed to providing students with the skills they need to thrive in the 21st century. Through experiential learning and real-world applications, we make education both meaningful and impactful. Our goal is to nurture confident, competent, and future-ready individuals. We believe true learning happens when knowledge meets application.

MR. AKHILESH KUMAR RAI
Chairman
Seth Anandram Jaipuria School,
Kushinagar

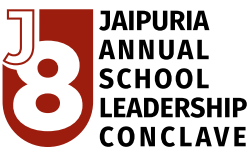

Skill-based learning is crucial in modern education to prepare students for real-world challenges. At Seth Anandram Jaipuria School, Kushinagar, as we launch our inaugural session, we prioritize hands-on experiences to cultivate critical thinking, creativity, and adaptability. Through sports, arts, and leadership programs, students develop practical skills, teamwork, empathy, and resilience. Our cutting-edge facilities nurture each student’s unique talents, fostering well-rounded leaders ready to thrive in a dynamic world and build a lasting legacy of excellence and purpose. We are committed to shaping individuals who can lead with knowledge, values, and vision.

MOHAMMAD FAHIM
Chairman
Little ONE The Jaipuria Preschool
Shyamnagar, Kanpur

Skill-based learning is the cornerstone of progressive education. It bridges the gap between theoretical knowledge and real-world application, equipping students with critical thinking, communication, and practical problem-solving abilities. By integrating such learning into the curriculum, we empower students to adapt to changing career landscapes and lifelong learning. At Jaipuria, our vision remains rooted in nurturing skills that shape confident, capable, and future-ready individuals. Through experiential projects and collaborative tasks, learning becomes both relevant and engaging. We believe that skills, when paired with strong values, create leaders of tomorrow.

8th Jaipuria Annual School Leadership Conclave

The 8th Jaipuria Annual School Leadership Conclave, held on February 22-23, 2025, focussed on fostering innovative pedagogies, skill-based learning, and leadership development in education. The event featured key discussions on skill education, digital transformation, legal compliance, literacy enhancement, and school development strategies. Mr. R.P. Singh, Joint Secretary, Department of Skill Education, CBSE, emphasized the introduction of skill subjects, AI integration, and vocational education initiatives. Mr. Bikram Agarwal provided insights into the legal frameworks governing educational institutions, highlighting compliance with RTE, GST, and labor laws. Ms. Sushma Raturi underscored the significance of digital transformation in education, discussing adaptive technologies, AI-driven learning, and digital assessments. Dr. Nitin Kumar Saxena explored the relevance of school education in the era of GPT, social media, and short attention spans, emphasizing the need for a balanced approach to technology integration and deep learning. Ms. Sangeeta Krishan addressed the importance of building trust through culture and effective communication, advocating for structured policies, transparent leadership, and a positive school environment to enhance engagement and learning outcomes. Notable presentations included the Jaipuria Lexile Programme for literacy improvement by Mr. Harish Sanduja, strategic School Development Plan by Ms. Shikha Banerjee, and human-centered leadership approaches by Ms. Bishnupriya Rajoria. Various principals showcased best practices such as experiential learning, student-centric methodologies, parental engagement, and innovative classroom designs. The conclave concluded with a focus on collaborative leadership, school culture enhancement, and structured curriculum approaches, reinforcing the commitment to excellence in education.

5th Jaipuria Annual Orientation Program

The 5th Jaipuria Annual Orientation Program (JAOP) was held on 11th January 2025 at Seth Anandram Jaipuria School, Kanpur, bringing together counselors, admissions personnel, and administrative staff from 12 partner schools. Organized by the head office, the program aligned goals with Jaipuria's vision, fostering collaboration, innovation, and excellence. With 45 participants, the event featured sessions on Jaipuria Ethos and Leadership, academic frameworks, innovative teaching, and ERP systems. Then VP - Partner Schools, led a dynamic case study, sharpening analytical skills and teamwork. Interactive workshops and networking opportunities enriched the learning experience, deepening understanding of the Jaipuria philosophy. The program not only enhanced competencies but also strengthened bonds, empowering partner school teams to drive holistic education with renewed passion and purpose!

New Year and Holi Celebrations

Festivity, Food and Fun

After months of hard work, it is truly rewarding to take a moment to sit back, celebrate, and relish the joy of togetherness. At our corporate office, we welcomed the New Year with enthusiasm, creating an atmosphere filled with positivity and hope. A delightful and wholesome New Year's Eve lunch brought everyone together, offering a moment to unwind and embrace the fresh beginnings ahead. Holi, the festival of colors, was celebrated with great fervor, spreading joy and vibrancy across the office. The spirit of camaraderie shone through as colleagues came together to revel in the festivities, strengthening the bonds that make our workplace a true family. These celebrations are more than just events - they are a reflection of our unity, our shared journey, and the joy of working together. As we move forward, we cherish these moments of togetherness, reminding us that success is sweeter when celebrated as one.

Delhi Franchise India Expo 2025

Seth Anandram Jaipuria Group of Schools, represented by SRJ Edu Services Pvt. Ltd., actively participated in the Franchise India Expo held on 17th and 18th May 2025 at Yashobhoomi, Delhi. The stall stood out with its unique theme inspired by the teachings of the Bhagavad Gita, beautifully adorned with shlokas that reflected the group's strong foundation in ethics and education. A key feature of the exhibit was the celebration of the group's remarkable 80-year legacy in shaping the education landscape. Mr. Yash Jaipuria, Head of the Franchise Division, was at the forefront, engaging with prospective investors and addressing their queries with great enthusiasm. Director Schools, Mr. Harish Sanduja, played a crucial role in guiding the team on key messaging points, ensuring impactful communication. The presence of Mr. Taarun Chawlla - Sr. Vice President Partner Schools and Mrs. Shikha Banerjee - Academic Consultant, Partner Schools and all department heads showcased a united and strategic effort to promote the brand and its vision. The response over the two days was overwhelmingly positive. The team was delighted to witness the enthusiasm among visitors, particularly young entrepreneurs, eager to contribute to society through education. The event reaffirmed that opening a school remains a meaningful and aspirational venture for many.

CONGRATULATIONS!

IMPORTANCE OF SKILL-BASED LEARNING IN MODERN EDUCATION

MR. GANESH TIWARI
Principal
Seth Anandram Jaipuria School,
Kanpur

E ducation today goes beyond textbooks and exams—it's about preparing students for life. At Seth Anandram Jaipuria School, Kanpur, we champion skill-based learning that fosters real-world abilities. Whether building robots, speaking at Model UNs, or serving communities, students gain essential skills—critical thinking, leadership, and collaboration. These experiences ignite curiosity and confidence, helping them connect academics with action. We believe in shaping problem-solvers and lifelong learners, not just test-takers, by creating meaningful, relevant opportunities that prepare them to thrive in a dynamic, ever-changing world.

MS. POONAM KOCHITTY
Principal
Seth Anandram Jaipuria School,
Shaheed Path, Lucknow

E ducation must go beyond rote learning and textbooks to remain relevant in today's fast-changing world. Embracing skill-based learning is vital to develop critical thinking, creativity, collaboration, and problem-solving skills. This shift requires redesigned curricula, mindset changes in educators and parents, and an ecosystem that promotes experiential learning. Assessments must value real-world competencies alongside academics. This evolution is not just progressive—it is essential. A future-ready education system must prioritise innovation, empathy, and lifelong learning to prepare students for industry demands and global challenges.

MS. SHALINI NAMBIAR
Director Principal
Seth Anandram Jaipuria School,
Ghaziabad

S kill-based learning is vital in modern education as it connects academic knowledge with real-world applications. In today's evolving job market, employers value practical skills such as teamwork, leadership, adaptability, and digital literacy. Introducing these competencies early makes education more relevant and future-ready. It encourages students to become self-learners, innovators, and problem-solvers prepared for global challenges. Moving beyond textbooks, it promotes creativity, active participation, and a sense of responsibility—laying the foundation for both professional success and lifelong personal development.

MS. NIDHI SHARMA
Principal
Seth Anandram Jaipuria School,
Unnao

G ive a man a fish, and you feed him for a day. Teach a man to fish, and you feed him for a lifetime. This age-old adage poignantly and precisely captures the essence of practical knowledge and experiential learning. It highlights the transformative power of skill-based education, which goes far beyond mere theoretical understanding. Skill-based learning not only enhances the cognitive faculties of an individual but also fosters lifelong adaptability, critical thinking, and innovation. By engaging in hands-on experiences, learners are able to develop problem-solving abilities, think creatively, and approach challenges with a mindset geared towards futuristic solutions.

MS. GUNJAN DANANI
Principal
Seth Anandram Jaipuria School,
Alambagh, Lucknow

S kill-based learning is essential in modern education as it equips students with practical abilities that are directly applicable to real-world challenges. Unlike traditional rote learning, it emphasizes hands-on experience, critical thinking, and problem-solving. This approach prepares learners for dynamic job markets, fosters innovation, and boosts confidence through competence. By aligning education with industry needs, skill-based learning ensures students are not only knowledgeable but also capable of applying what they know effectively. In a rapidly evolving world, such learning nurtures adaptability and lifelong learning, making individuals more resilient and future-ready.

MR. DHARMINDER MANON
Principal
Seth Anandram Jaipuria School,
Tarna, Varanasi

A degree may open doors, but it's skills that ensure success. Today, many graduates struggle to find suitable jobs, not due to lack of education, but due to lack of skills—both soft and technical. With the Education Ministry's recent initiatives, India is moving toward building a stronger, self-reliant workforce. Soft skills like communication, critical thinking, and leadership, along with technical skills in AI, ML, and Data Science, are essential for employability. Traditional industries, like Banarasi saree weaving, also hold vast potential. By embracing skill-based learning, our youth can become job creators, not just job seekers, shaping a brighter future.

MR. PANKAJ SHARMA
Principal
Seth Anandram Jaipuria School,
Sitarganj

S kill-based learning equips students with practical abilities essential for real-world success. It promotes critical thinking, creativity, and adaptability, preparing learners for diverse careers and challenges. Unlike rote learning, it emphasises hands-on experiences and problem-solving. In today's fast-evolving world, skill development ensures that students are not just job seekers but innovators and leaders. Integrating such learning in education is key to building a confident, capable, and future-ready generation. It transforms classrooms into spaces of innovation and active engagement. Empowering students with skills is investing in a stronger, smarter future.

MS. SEEMA SANDHYA
Principal
Seth Anandram Jaipuria School,
Satna

I n today's rapidly evolving world, skill-based learning is essential for preparing students for real-life challenges. I believe that education must go beyond textbooks to include practical, hands-on experiences that develop critical thinking, creativity, and problem-solving abilities. Skill-based learning empowers students to adapt, innovate, and succeed in various careers. It also builds confidence and encourages lifelong learning. By integrating skills into the curriculum, we equip students not just to pass exams, but to thrive in the future. It's a key to unlocking their full potential. At our school, we value learning that is active, meaningful, and future-focused. Skills are the true currency of the 21st century.

MR. PANKAJ SHARMA
Principal
Seth Anandram Jaipuria School,
Dibiyapur

I n today's fast-changing world, education and employment are being reshaped by technology, automation, and digitization. Employers now seek individuals who can apply knowledge practically, not just understand it theoretically. This makes skill-based learning essential in modern education. Unlike traditional methods focused on memorization, skill-based learning emphasizes hands-on experience, problem-solving, and critical thinking. It equips learners with the skills needed to succeed in evolving careers and contribute to innovation. This approach is vital for preparing students to meet real-world demands. Embracing skill-based learning is key to individual success and the advancement of society as a whole.

MS. BHAVNA SHIRODKAR
Principal
Seth Anandram Jaipuria School,
Nanpara

S kill-based learning is essential in today's education system. It focuses on practical knowledge, critical thinking, and real-world application, helping students become job-ready. Unlike rote learning, it encourages creativity, problem-solving, and independence. In a fast-changing world, skill development in areas like communication, technology, and teamwork prepares students for future careers. It bridges the gap between education and employment, making learning more meaningful and effective. To prepare youth for tomorrow, our education system must focus more on skill development than just theoretical knowledge. Empowering students with skills is investing in their future.

MS. POOJA SINGH
Principal
Seth Anandram Jaipuria School,
Gauriganj, Amethi

S kill-based learning allows students to explore their areas of interest, making learning more enjoyable and effective. It emphasises practical application, helping students gain real-life experience and a deeper understanding of concepts. This approach also provides a foundation for choosing the right career path by offering basic knowledge of various professions. Students become more confident as they apply what they learn, turning theory into meaningful action. By focusing on skills, education becomes more relevant, preparing learners for real-world challenges and lifelong success. It turns learners into doers.

MS. MONIKA PANDEY
Principal
Seth Anandram Jaipuria School,
Sidhauli

I n today's dynamic world, skill-based education is the foundation of meaningful learning. As a principal, I believe that empowering students with practical skills like critical thinking, communication, creativity, and digital literacy is essential for real-life success. It nurtures innovation, adaptability, and self-confidence. In our classrooms, students don't just learn—they create, build, and solve. Education becomes an engaging experience where curiosity meets capability. It's not about memorizing facts but developing the skills to think, do, and lead. In a world full of information, it's skills that truly make the difference. The future belongs to those who are ready to shape it.

MS. SHWETA MISHRA
Principal
Seth Anandram Jaipuria School,
Greater Noida (West)

In modern education, skill-based learning is playing a pivotal role. Gone are the days when rote memorization defined success. Today, it is the art of critical thinking, creativity, and practical problem-solving that crafts a resilient mind. Skill-based learning nurtures a generation capable of adapting to an ever-evolving world, empowering students with tangible abilities. By focusing on real-world competencies, education becomes not just a pursuit of knowledge but an exploration of possibility, where learners are sculptors of their futures, carving new possibilities through their actions.

MR. CHANDAN MISHRA
Principal
Seth Anandram Jaipuria School,
Ved Campus, Barabanki

Teaching is a dynamic profession that requires continuous adaptation. With technological advancements and innovative tools, educators must stay updated to remain effective. In my opinion, skill-based learning is crucial in this context, as it enables students to develop practical skills, think critically, and solve problems. By integrating skill-based learning with new technologies, we can create engaging, student-centred experiences that prepare learners for success in the modern world. This approach not only enhances academic achievement but also builds essential life skills. Educators must embrace this shift to truly empower the next generation.

MS. ARCHANA SINGH
Principal
Seth Anandram Jaipuria School,
Deoria

In today's fast-evolving world, education must move beyond memorisation to truly empower students. Real learning happens when they develop critical thinking, creativity, and the confidence to apply knowledge in real-life situations. Skill-based learning bridges the gap between theory and practice, helping students adapt through collaborative projects, hands-on tasks, discussions, and digital tools. This approach nurtures curiosity, innovation, and essential life skills. It fosters responsible, independent, and creative individuals ready for both academic success and life's challenges. Together, as a school community, let's inspire every child to become a confident global citizen.

MR. P. SAI PRASAD
Principal
Seth Anandram Jaipuria School,
Majnai, Ayodhya

Since the Industrial Revolution, skilled individuals have driven national progress more than those with only theoretical knowledge. Today, skill-based education is vital for developing nations. While universities blend knowledge and skills for real-world readiness, schools often focus solely on academics. Skill education boosts employability, self-awareness, confidence, and creativity. It prepares students for future challenges, fosters innovation, and strengthens global competitiveness. To build a strong nation, we must embed 21st-century skills into education—equipping students to create opportunities and lead with purpose.

MS. KAMLA PAL DEVI
Principal
Seth Anandram Jaipuria School,
Sadhu Campus, Barabanki

Skill-based learning is very important in schools in modern education for a bunch of reasons, especially with how fast the world is changing. Incorporating skill-based learning into modern education isn't just an option, it's a requirement of today's society for growth. It helps students stay relevant, adaptable, and prepared for real-world challenges, ensuring they thrive both personally and professionally. Skill-based learning ensures students are prepared for emerging roles that didn't exist a decade ago. It often allows students to explore their interests and strengths. It builds a strong foundation for lifelong learning and success.

MR. HARPAL SINGH BUTTAR
Academic Director
Seth Anandram Jaipuria School,
Barra, Kanpur

Skill-based learning is pivotal in modern education, fostering practical competencies over rote memorisation. It equips learners with critical thinking, problem-solving, and adaptability—key traits for thriving in a dynamic, technology-driven world. By integrating real-world applications, this approach bridges the gap between academic theory and professional demands, ensuring holistic development. Empowering students with relevant skills not only enhances employability but also cultivates innovation and lifelong learning. Education must evolve to nurture proficiency, not just knowledge. It's time to prioritise learning that is active, applicable, and future-focused.

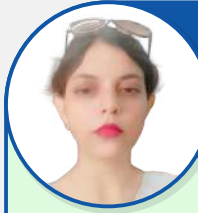

MS. KOMAL DEWAN
Principal
Seth Anandram Jaipuria School,
New Jajmau, Kanpur

Education must evolve beyond chalk and talk. In today's world, knowledge without skill is like a vehicle without wheels—present, but not moving forward. Our children are growing up in an age where adaptability, creativity, and collaboration are more valuable than memorised facts. Skill-based learning transforms classrooms into real-life laboratories. It empowers students to question, explore, and solve. As educators, our role is not just to inform minds but to ignite them—with experiences that lead to mastery, not just marks. Only then can we raise thinkers, doers, and leaders of tomorrow. Let's shape an education system where skills and values go hand in hand.

MS. DARAKSHA AHMED
Center Head
Little ONE The Jaipuria Preschool,
Jajmau, Kanpur

Considering that skill-based learning offers students real-world competencies and practical expertise, it's essential in today's classroom. This technique fosters critical thinking, creativity, communication, and problem-solving skills in contrast to conventional methods that emphasise memorizing. Students can apply concepts in relevant ways because it promotes experiential learning. In the modern world, where industries change quickly, skill-based education guarantees that students are flexible and prepared for the world. To develop self-assured, capable, and future-ready individuals who can succeed in any setting, it is our duty as educators to incorporate such learning into our curriculum.

MS. SUMBUL MUBEEN
Head Mistress
Little ONE The Jaipuria Preschool,
Rajajipuram, Lucknow

Skill-based learning is essential in modern education as it equips students with practical abilities required in real-world scenarios. It fosters critical thinking, problem-solving, and adaptability, making learners more job-ready and confident. Unlike traditional methods, it emphasizes hands-on experience, preparing students for industry demands. As technology and job markets evolve rapidly, skill-based education ensures continuous learning and personal growth. It also nurtures creativity and innovation, empowering students to thrive in diverse professional environments and contribute meaningfully to society.

MS. DEEPA GUPTA
Principal
Seth Anandram Jaipuria School,
Saharanpur

Skill-based learning is crucial in modern education, focusing on practical skills that prepare students for real-world challenges. By emphasizing hands-on experience and industry-relevant skills, students become more career-ready and adaptable. This approach fosters problem-solving, critical thinking, and creativity, enabling students to succeed in an ever-changing job market. By integrating skill-based learning into education, we can better equip students with the tools they need to thrive in their future careers and make a meaningful impact in their chosen fields. It enhances employability and personal growth.

MS. SHUBHRA SAXENA
Principal
Seth Anandram Jaipuria School,
Kushinagar

In today's fast-evolving world, skill-based learning has become a cornerstone of modern education. It moves beyond rote learning, focusing on practical knowledge, creativity, and real-world problem-solving. As educators, we must equip our students with the skills needed to adapt to changing technologies, industries, and challenges. Skill-based education fosters confidence, independence, and innovation, preparing learners not only for successful careers but also for meaningful lives. At our institution, we are committed to nurturing well-rounded individuals through hands-on experiences, critical thinking, and a strong foundation of life skills essential for the future.

SCHOOL EVENTS AT A GLANCE

SETH ANANDRAM JAIPURIA SCHOOL, UNNAO

SPARDHA - ANNUAL SPORTS DAY

SPARDHA 2024 at Seth Anandram Jaipuria School, Unnao, was a lively celebration of sportsmanship and spirit. Chief Guest Mr. Deepak Bhukar, SP Unnao, inaugurated the event. Highlights included a grand march-past, fun races, musical yoga, relay events, and vibrant dances. Tapti House won Best March Past, while Mahanadi House emerged Overall Champion, concluding the day with pride.

SETH ANANDRAM JAIPURIA SCHOOL, TARNA, VARANASI

GRADUATION DAY & PARENT ORIENTATION CELEBRATION

Seth Anandram Jaipuria School hosted a grand Graduation Day ceremony and Parent Orientation on its premises. The event featured a colorful program presented by the tiny tots of Pre-Primary, which captivated everyone's attention. The ceremony began with the chief guests, Dr. Meenakshi Bajpai and Ms. Kirti Srivastava, lighting the lamp and paying tribute to Goddess Saraswati.

SETH ANANDRAM JAIPURIA SCHOOL, ALAMBAGH CAMPUS, LUCKNOW

GLOBAL FESTIVAL CELEBRATION

Seth Anandram Jaipuria School, Alambagh Campus, Lucknow celebrated Eid and Navratri to promote cultural diversity. Students performed qawwali, skits, Garba, and Dandiya, celebrating unity and tradition. Principal Ms. Gunjan Danani stressed on respect for all cultures and the value of global citizenship. The event encouraged empathy and understanding, reflecting the school's inclusive values and commitment to nurturing well-rounded, culturally aware individuals.

SETH ANANDRAM JAIPURIA SCHOOL, SITARGANJ

WOMEN'S WALKATHON

On March 7, 2025, Seth Anandram Jaipuria School, Sitarganj, proudly hosted a grand Women's Walkathon to promote women's empowerment and equality. Eminent women from various fields participated in the event, which concluded with vibrant cultural performances and inspiring speeches, celebrating the strength, spirit, and achievements of women in society.

SETH ANANDRAM JAIPURIA SCHOOL, SATNA

INAUGURATION OF A NEW VENTURE

Seth Anandram Jaipuria School, Satna, inaugurated its new campus on Kothi Road on March 2nd, 2025 with a soulful Akhand Ramcharitmanas Path. Graced by eminent dignitaries and school directors, the event celebrated the launch of a world-class educational facility. A community feast followed, reflecting the school's spirit of unity, excellence, and commitment to holistic learning.

SETH ANANDRAM JAIPURIA SCHOOL, DIBIYAPUR

FAREWELL AND BLESSING CEREMONY

Towards the end of the session our school conducted the blessing ceremony and farewell for 10th & 12th class students. In the program headed by our Chairman sir under the appreciable guidance of principal sir, photo frames were distributed to revive the memories of their school. Cultural activities and programs were performed actively by the students and speeches were delivered with best wishes by the Teachers for their bright future.

SETH ANANDRAM JAIPURIA SCHOOL, NANPARA

WORLD ART DAY CELEBRATION

Seth Anandram Jaipuria School, Nanpara, celebrated World Art Day with creativity and color! Students showcased their talent through vibrant paintings, craft displays, and live art sessions. The celebration highlighted the importance of art in education, encouraging imagination and self-expression. A truly inspiring and joyful experience for all!

SETH ANANDRAM JAIPURIA SCHOOL, GREATER NOIDA (WEST)

SPORTS DAY CELEBRATION

Seth Anandram Jaipuria School, Greater Noida, celebrated its Sports Day, Invincible Jaipuria, on February 15, 2025, with great enthusiasm. The event featured Ganesh Vandana, a spirited march past, torch lighting, class dances, and exciting races. Parents participated in fun games. Chief guests and Principal Mrs. Shweta Mishra applauded the students' achievements. A vibrant grand finale concluded the day.

SETH ANANDRAM JAIPURIA SCHOOL, GAURIGANJ, AMETHI

JYOTIRGAMYA – ANNUAL FUNCTION CELEBRATION

Seth Anandram Jaipuria School, Gauriganj, celebrated its Annual Day – Jyotirgamy, inspired by Navrasa's nine emotions. Chief Guest Ms. Nisha Anant motivated students to be change-makers. The event showcased vibrant student performances, the school band, and honored academic and co-curricular achievements. Jyotirgamy was a radiant celebration of talent, creativity, and spirit.

SETH ANANDRAM JAIPURIA SCHOOL, SIDHAULI

VASANT PANCHAMI CELEBRATION

The school celebrated Vasant Panchami with devotion and enthusiasm. Students and staff offered prayers to Goddess Sarasvati, seeking wisdom and knowledge. The day marked the onset of spring, fostering cultural awareness and reverence for learning among students. School organized a special admissions event "AKSHAR AARAMBH" in which the school provided a 100% admission fee waiver to all the admission.

SETH ANANDRAM JAIPURIA SCHOOL, VED CAMPUS, BARABANKI

FAREWELL CELEBRATION

On 28th February, Seth Anandram Jaipuria School, Ved Campus, Barabanki, witnessed a touching farewell celebration as Class 7 hosted a memorable event for Class 8. The program began with an auspicious lamp lighting by our respected MD Sir, followed by inspiring speeches from both MD Sir and Principal Sir. A joyful cake-cutting ceremony and energetic dance performances lifted spirits. A Class 8 student delivered a heartfelt thank-you note, expressing gratitude to teachers, the school, and juniors. The celebration concluded with a delightful lunch and thoughtful gift distribution, leaving behind cherished memories, warm smiles, and a deep sense of togetherness among all.

SETH ANANDRAM JAIPURIA SCHOOL, DEORIA

ANNUAL ACADEMIC AWARD DISTRIBUTION

On 20th March, Seth Anandram Jaipuria School, Deoria, hosted its Annual Academic Award Ceremony. The event began with Saraswati Vandana and lamp lighting. Principal Mrs. Archana Singh highlighted school achievements. Awards were conferred by dignitaries, including Chief Guest Mr. Dilip Tiwari. Vibrant performances by students from Pre-primary to Class 6 added joy and energy to the celebration.

SETH ANANDRAM JAIPURIA SCHOOL, SADHU CAMPUS, BARABANKI

INDEPENDENCE DAY CELEBRATION

Seth Anandram Jaipuria School, Sadhu Campus, Barabanki, celebrated 78th Independence Day with great pride on August 15. Hon'ble Chairman Engr. Ajay Chaudhary hoisted the National Flag. Cultural performances, patriotic songs, dances, a skit on Jallianwala Bagh, and a fancy dress show on unity in diversity inspired all. Chief guests and dignitaries encouraged students to uphold national values and remember the sacrifices of freedom fighters.

SETH ANANDRAM JAIPURIA SCHOOL, SAHARANPUR

RANGOTSAV CELEBRATION

Seth Anandram Jaipuria School, Saharanpur joyfully celebrated Rangotsav on 28th March 2025. The vibrant Holi festivities brought together students, teachers, and staff in a colorful celebration filled with music, laughter, and traditional rituals. The event highlighted unity, joy, and cultural spirit, creating cherished memories and strengthening bonds across the school community.

LITTLE ONE - THE JAIPURIA PRESCHOOL, RAJAJIPURAM, LUCKNOW

EARTH DAY CELEBRATION

At Little One - The Jaipuria Preschool, Rajajipuram, Lucknow, the Earth Day celebration commenced with eager children gathering around, ready to plant saplings in the school garden. Their tiny hand prints on Mother Earth made the day truly memorable, symbolizing love, care, and a commitment to protecting our planet from a young age.

SETH ANANDRAM JAIPURIA SCHOOL, NEW JAJMAU, KANPUR

PARENT ORIENTATION CELEBRATION

The Parent Orientation and First Annual Prize Distribution at Seth Anandram Jaipuria School, Unnao, was a heartwarming celebration of learning and unity. Highlights included soulful performances, interactive parent games, Class Prep Graduation, and awards for achievers. The event showcased student talent and deepened school-home connections, reflecting the vibrant spirit of the Jaipuria community.

SETH ANANDRAM JAIPURIA SCHOOL, MAJNAI, AYODHYA

DIWALI CELEBRATION AND RANGOLI COMPETITION

Diwali was celebrated in the campus with students presenting a small drama representing the hardships faced by Lord Ram and bringing out the importance of Diwali especially being in the lands of Lord Ram Himself. Students expressed their views on the ideals of Lord Ram and how He set an ideal for the humanity to follow for generations to come. A House wise Rangoli competition was held to welcome Lord Ram back from exile and prizes were announced.

SETH ANANDRAM JAIPURIA SCHOOL, KUSHINAGAR

PARENT ORIENTATION CELEBRATION

Seth Anandram Jaipuria School, Kushinagar, conducted its Parent Orientation Program on 3rd April 2025. The session featured insights on academics, co-curriculars, and school policies by Ms. Deepika Arora, followed by Principal Ms. Shubhra Saxena's address. A Q&A and campus tour fostered strong parent-school connections, laying the groundwork for collaborative student development.

LITTLE ONE - THE JAIPURIA PRESCHOOL, JAJMAU

GRADUATION DAY CELEBRATION

Graduation Day at Little One - The Jaipuria Preschool, Jajmau, was a joyful celebration of growth, learning, and new beginnings. Our little graduates beamed with confidence and curiosity, reflecting the dedication of our teachers and support from parents. To our young stars — keep believing, stay curious, and shine bright. Your journey ahead is full of promise!

LITTLE ONE - THE JAIPURIA PRESCHOOL, SHYAM NAGAR, KANPUR

HOLI CELEBRATION

The children at LITTLE ONE - The Jaipuria Preschool, Shyam Nagar, Kanpur, joyfully celebrated Holi on 8th March. Engaged in playful activities with colorful flowers, the little ones were full of cheer and excitement. The atmosphere echoed with laughter, vibrant hues, and festive joy. It was a delightful day filled with fun, bonding, and happiness, making the Holi celebration a truly unforgettable experience for everyone involved.

IMPORTANCE OF SKILL-BASED LEARNING IN MODERN EDUCATION

A paradigm shift is underway in global education, moving from rote learning to skill-based learning that equips students for real-world challenges. With industries worldwide grappling with a widening skills gap, there is a pressing need to align education with market needs. Skill-based education not only addresses this gap but also nurtures a capable, future-ready workforce vital to India's growth story. Jaipuria schools are at the forefront of this transformation, integrating both hard skills like coding and financial literacy, and soft skills such as communication, collaboration, and adaptability into their curriculum. By fostering a balance of competence and character, we empower students to thrive in a dynamic world. The future belongs to those who can learn, unlearn, and lead with skill and purpose.

In today's fast-changing world, skill-based learning is more important than ever. It goes beyond textbooks, helping students develop practical skills such as communication, problem-solving, critical thinking, and teamwork. These real-world skills prepare learners not only for exams, but also for life beyond school—college, careers, and everyday challenges. By focusing on skill-building, modern education empowers students to become confident, capable individuals ready to adapt and thrive in any environment. Skill-based learning fosters a deeper understanding by encouraging curiosity, exploration, and application. Through hands-on activities, real-life simulations, and collaborative projects, students not only grasp concepts better but also learn how to use them in meaningful ways. As we shift from rote learning to experiential education, we cultivate a generation that is not just academically sound but also emotionally intelligent and socially aware. Let's encourage learning that shapes both minds and futures.

Skill-based learning is redefining and reshaping education, particularly in India, where the National Education Policy (NEP) 2020 focuses on critical thinking, creativity, and practical application over rote memorization. By integrating subjects like Coding and Financial Literacy early on, NEP 2020 bridges the gap between theory and practice, fostering adaptable, life-ready learners who can easily adapt to unforeseen and unpredictable situations. Across the globe, these real-world skills strengthen and encourage essential competencies, such as problem-solving, collaboration, and technology proficiencies, which are vital for thriving and surviving in rapidly changing industries driven by innovation. These competencies enhance employability, cultivate self-reliance, and strengthen resourcefulness, unlocking doors to a plethora of career paths, from entrepreneurship to vocational trades. Amidst challenging times, such as, the Pandemic caused by COVID-19, skilled individuals demonstrated traits such as resilience, seizing opportunities to drive progress in local and global economies, and ensuring adaptability in any uncertain situation.

Ancient history talks about skill-based learning being prevalent in various civilisations across the globe with Indian civilisation being at the forefront. So, the concept not new to us. We are fortunate that today the modern education trend has recognised and understood the value of skill-based learning. The rapidly changing educational demands of the 21st century have made it imperative for its inclusion. Educationists have realised that skill-based learning can bridge the gap between education and employment. Social skills as well as life skills both promote critical thinking and problem-solving ability innately present in students. Inclination towards learning is a skill in itself. When the cognitive, aesthetic and the psychomotor domain of learning work in synchronisation through skill-based learning, the knowledge impact is deep and long lasting. This is what is called Holistic Education. National Education Policy 2020 and National Curriculum Framework 2023 also suggest a strong inclusion of skill-based learning as a mandatory part of modern education.
