

# JAIPURIA JOURNAL

ISSUE-I | August 2020

QUEST

## FROM THE CHAIRMAN'S DESK

It is my pleasure to extend heartiest greetings to the readers of the first issue of *Jaipuria Journal* – the bi-annual newsletter for the partners of Seth Anandram Jaipuria Schools. I hope that the content of this newsletter will convey the essence of the ethos and atmosphere of our schools.

We aim to create learning spaces characterised by visionary leadership, academic excellence, all round development of learners, and most importantly safety and security of our stakeholders. Since 2014, we have been partnering with enthusiastic individuals committed to work towards the enhancement of education and setting up world class schools in various cities. Our vision is to empower our partners in a holistic manner and to strengthen their efforts of educating the next generation.

Today's world is dynamic and ever-changing. It is important that schools integrate new learning techniques to help prepare children for life-time challenges. We have made conscious efforts in our schools to integrate the teaching-learning processes with technological advancements by introducing effective tools into the classrooms. Adequate emphasis has been laid on personalized learning to suit each child's needs, interests and skills leading to better engagement and enhanced learning outcomes. The focus of our schools and teachers is to prepare students become global citizens while keeping them grounded with the Indian culture and values. We are continuously striving towards making our children thought-leaders along with teaching them the art of happy and stress-free living.

We believe that it is imperative to focus on upgrading the skills of teachers to help them stay up-to-date with the latest trends and skills necessary to thrive in today's progressive schools. We hope our teachers would have benefitted from the series of high-quality and specialized training programmes organized for them in the current year.

We believe in keeping an open channel of communication with our stakeholders and this newsletter is one of the initiatives in the direction. I hope you enjoy reading it!

**SHISHIR JAIPURIA, CHAIRMAN**  
Seth Anandram Jaipuria Education Society

## OUR ADMIRATION FOR THE CORPORATE OFFICE

The new session as known worldwide started with one of the greatest challenges schools have ever faced. We overcame successfully the challenge of publishing results of the last session and starting our fourth session in last week of March 2020. Online classes and co-curricular activities are being conducted online since then.

The largest challenge has been to mold parents into the system and give them confidence that we are doing the best possible for our students to keep them mentally ignited, physically fit and emotionally balanced.

I extend my gratitude to one and all at the Corporate Office whose vision, support and guidance has helped us stay a step ahead of the challenges put forth and continue uninterrupted with the task of teaching learning effectively.

**MR. KISHORE MEHROTRA, Secretary**  
Seth Anandram Jaipuria School, Alambagh

Our vision at Little One Jaipuria preschool Jajmau is to empower students to acquire and demonstrate articulate and values knowledge and skills which shall support them lifelong for aspiring good result and enable them to become pride of the nation. We focus on differentiated in-depth and cohesive learning.

I am deeply honored on being associated with Seth Anandram Jaipuria Group. It was a dream come true to be counted as a member of the elite Jaipuria Group and be a part of their mighty journey. Our gratitude in believing us; we value this bond. This association would not have bloomed without the cooperation and support of each member of this esteemed institution. We hope that we will continue to support each other in this great endeavour of imparting holistic education and creating socially responsible citizens!

**MR. IKHLAQ AHMAD, Chairman**  
Little ONE – The Jaipuria Preschool, Jajmau

SAJS Sitarganj feels happy and obliged to be a part of the Seth Anandram Jaipuria Group. It was a reasonably good experience to work with the management due to their professional approach and tireless support. Whenever the school felt any difficulty, the Corporate Office rendered their guidance, suggestions and support in no time.

**MR. MAHESH MITTAL, Managing Director**  
Seth Anandram Jaipuria School, Sitarganj

At Seth Anandram Jaipuria School we aim for a perfect balance of complementary factors: ancient and modern, traditional and innovative. Our students will be knowledgeable, confident, meticulous and self reliant. The aim of the school is to provide the students of Unnao and nearby, the kind of opportunity available to children in cosmopolitan cities like Delhi, Mumbai, Kolkata and Chennai blending.

**MR. ANAND AHUJA, Chairman**  
Seth Anandram Jaipuria School, Unnao

Mr. Laxmikant Pandey (Chairperson at Seth Anandram Jaipuria, Tarna, Varanasi) has a vision of holistic development of every child. He has emphasized on following didactics in academics like 'active involvement of the learner' and an 'interdisciplinary approach' that allows youth and teachers to enhance their experience.

We are in collaboration with Seth Anandram Jaipuria Group of Schools and Management, who has supported us in all our endeavours especially during this outbreak of COVID-19 to reach at the level of excellence by organizing Online Teachers Training by 'saamarthya Teachers Training Academy of Research' (STTAR) for particular subjects and by demonstrating the new ideas of Teaching Methodologies and techniques for drafting lesson plan.

We at Seth Anandram Jaipuria Group of Schools believe in child centric teaching practices and blending traditional values with the modern skills, which leads to bright future of a child by encouraging the children to develop their curiosity, critical thinking and clarity on this online platform.

**MR. LAXMIKANT PANDEY, Chairman**  
Seth Anandram Jaipuria School, Varanasi

Education is one of the most important elements in the evolution of the nation. My objective to start up a school was to offer educational programmes that support children's academic, physical, social, emotional and moral development. Education should be based on the mapping of skill and interest of the students. The system has to change from the primary level when the child gets into the school. Instead of carrying a heavy school bag, Child should be taught in a way that he finds studies interesting rather than a burden.

With this objective in mind, we decided to associate with Seth Anandram Jaipuria Group as it is one of the best institutes of education in the country providing a number of opportunities to the students to grow and blossom in a safe and well-planned environment. This would enable us to lead students in the right direction. We are grateful for the tireless support from the Corporate office during our journey.

**MS. NEHA BHATIA, Director**  
Little ONE – The Jaipuria Preschool, Vikas Nagar

## Torchbearers of 2020-21

Shri Shiv Prasad Yadav is a visionary with an inexhaustible energy and insatiable desire to spread quality education over vast territory of the country. He manages thousands of schools spread over north and central India where in a lac children are receiving quality education and more than 25000 teachers have been involved in delivering the academics.

In Dibiypur, Seth Anandram Jaipuria School works tirelessly every day to enhance Academic Skills. Our journey with this mighty group has been an enriching one. Together with the support of the Corporate Office, we empower our students for decision making, critical thinking and are committed to work for the overall development of our students.

**MR. SHIV PRASAD YADAV, Chairman**  
Seth Anandram Jaipuria School, Dibiypur

Education is the basis of all progress. It is for this very reason we have started the SAJS Mirzapur. We impart education and fill the young minds with self-confidence, motivation and proactiveness.

In order to promote an internationally acceptable education, we believe in faculty development – providing continuous teacher training for excellence in academics. In all our efforts, we appreciate the support of the Corporate Office for their untiring support and guidance.

**MR. KRISHNA SINGH, Chairman**  
Seth Anandram Jaipuria School, Mirzapur

It is a great opportunity for me to be a part of Seth Anandram Jaipuria Group of Institutions and it was a good experience to work with the management where I felt their great support at every step. Whenever we faced any difficulty, we received their guidance, suggestions and support. We appreciate each and every member of the management from the Corporate Office for rendering timely help at this time of the pandemic.

**MR. VED PRAKASH BAJPAI, Director**  
Seth Anandram Jaipuria School, Raebareli

**"School is a building which has four walls with tomorrow inside."**  
– Lon Watters

Planning and dreaming to do something for the society led us to building a school, SAJS Satna! This decision led us forward to empower and shape young, impressionable minds.

As human beings, it is imperative to give back to the community we live in. Give back in whichever way we can. My way of 'giving back to the society' is building a school to impart Good Education.

And hence the journey began with Seth Anandram Jaipuria School. A school which is very famous for its distinctive curriculum and innovative teaching. I am thankful to the Corporate office for making my dream a reality on January 19, 2020. Their constant untiring support in all our efforts have helped us tremendously.

**MR. PUSHPRAJ SINGH PARIHAR, Secretary,**  
Seth Anandram Jaipuria School, Satna

**BRAINFEEED AWARDS – A Proud moment for Seth Anandram Jaipuria Group of Schools**

Mr. Anirban Bhattacharya receiving the award on behalf of Seth Anandram Jaipuria School, Alambagh

Mr. Salik Ikhtlaq, Director, Little One, Jajmau, Kanpur

Ms. Anjali Bajpai, Principal, Seth Anandram Jaipuria School, Unnao

Mr. Krishna Kant Pandey, Director, Seth Anandram Jaipuria School, Varanasi

Mr. Gaurav Tandon, Director, Little One, Vikas Nagar, Kanpur

**Launch of STTAR**

Learning and training of educators has become crucial for the development of students of the present times as the present times are complex, and needs children to cope with a lot many things. Saamarthya Teachers Training Academy of Research (STTAR) came into existence with the vision to meet the requirements of educators in the adverse circumstances of the Pandemic.

Purpose of STTAR is to develop the competency among the educators with the skills and proficiency according to the demand of virtual classes in the new normal. The main focus of the Academy is to introduce the culture of creativity, experiential learning, Design Thinking in the pedagogy of the curriculum, developmental psychology, personal effectiveness, leadership, happiness, assessment strategies, communication skills and ICT.

The Inaugural ceremony of STTAR took place on July 15, 2020. Hon'ble Deputy Chief Minister Mr. Dinesh Sharma inaugurated The STTAR launch ceremony in the presence of prominent personalities like Mr. Anil Swarup, Author & Ex-Secretary-School education Govt. of India, Mr. Anurag Tripathi, Secretary, CBSE Govt. of India, Ms. Aradhana Shukla, Additional Chief Secretary, Department of Secondary Education Govt. of India, Mr. Shishir Jaipuria, Chairman, Seth Anandram Jaipuria Group of Educational Institutions, Mr. Vinod Malhotra, Author, Chairman Academic Council STTAR, Mr Ken Joshua - Educationist cum Scientist, Mr. Mark Parkinson, Educationist, Mr. Harish Sanduja, Director- Seth Anandram Jaipuria schools.

Mr. Dinesh Sharma, Deputy Chief Minister (Uttar Pradesh)

Mr. Shishir Jaipuria, Chairman, Seth Anandram Jaipuria Group of Educational Institutions

Mr. Anurag Tripathi, Secretary, Central Board of Secondary Education (CBSE)

To view the training schedule, please visit [www.sttar.in](http://www.sttar.in)

**Pre-primary Orientation**

During the complete lockdown phase, it was very difficult for the schools to connect with students and teach them through online classes. It became more challenging for schools to conduct classes online especially for the pre-primary students. Team at CO quickly identified the forthcoming challenge amidst lockdown and an online training session was organized for all the Pre-primary teachers of our K12 schools and for our Little Ones on April 27, 2020.

The purpose of the training was to acquaint all the teachers for conducting online classes. Since Virtual classroom session was new for both teachers as well as students, therefore it was very much necessary for the teachers to know how they could take the active participation from students with the help of their parents. During the session, teachers were informed about the child psychology so that they can understand the behaviour of students studying over virtual classes. More than 200+ teachers of Partner schools attended the session

The two-hour long webinar covered topics like –

- Parents' role in teaching and learning process
- How to conduct zoom classes for the Pre-primary children
- Understanding the child psychology
- Jaipuria Philosophy.

**Two days workshop for the non-teaching staff at Jaipuria Corporate Office**

Seth Anandram Jaipuria Group Corporate Office organized a two-day Centralized Non-Teaching Training Session for counsellors and the admission teams of all schools including the (core and partners schools) on Feb 21 & Feb 22, 2020.

Ms. Arundhati Sudhir, a renowned freelance trainer and educational consultant was invited as a speaker. The objective of this workshop was to support the admission teams and provide a platform where they could learn more about different aspects of counselling, admission management, persuasive marketing strategies, better brand positioning, social media guidelines and challenges faced on a day to day basis while dealing with potential customers. The idea was to invite the admission teams across schools under one roof where they could learn and know how the aspects of counselling, admission management, and what kind of awareness and branding should be done in an effective manner. The training session also helped the participants to get a better understanding of the school's vision and empower them with the necessary skills to use the Jaipuria e-connect.

**PRADARSHANI: A Holiday Home Work Exhibition**

On July 27, a unique exhibition happened on the virtual platform of Seth Anandram Jaipuria Schools. It was their summer holiday homework exhibition called Pradarshani. The idea behind organizing this exhibition was to showcase the holiday homework of little Jaipurians. Through this event, the holiday homework of all the partners' schools has been displayed. A launch ceremony was organized to start the virtual exhibition. For the launch, eminent personalities were invited. The function was inaugurated by Ms. Anju Bobby George, International athlete and Arjuna awardee. Guest of honour was Mr. Shishir Jaipuria, Chairman, Jaipuria group. Special guest was Mr. Vinod Malhotra, Advisor, Jaipuria group and Mr. Anirban Bhattacharya, who concluded the event with vote of thanks.

This event, was first one of its kind in the country. The showcasing of a child's created work on a public platform creates not only joy among children but it also generates something called PUBLIC VICTORY. The child feels proud, accepted by the audience and very confident that he has achieved this recognition for his work. This in turn develops the intrapersonal skills of the child

wherein he accepts and admires himself! He never doubts his capabilities. Such people make great leaders who do not seek approval for themselves in the society. They know what they are doing. Keeping all these

things in mind, we thought of acknowledging our children's work.

Mr Shishir Jaipuria said, "We are proud of the excellent work our students have done, even in the lockdown phase and has produced some truly outstanding art work during this summer holiday break. In our opinion, art can act as the voice of the oppressed and give them a chance to express! Our students of smaller cities and towns who do not get such opportunities to showcase their talents must have been elated at this virtual exhibition and will put in more effort in their holiday homework for sure."

"I am glad that Seth Anandram Jaipuria schools are hosting such a virtual exhibition platform. This will prove as a catalyst to promote the self-confidence and morale of every child studying here", said by Ms. Anju Bobby George during her address.

The virtual exhibition displayed more than 100 artworks of students ranging from different age groups from July 27, 2020 to August 05, 2020 and the exhibition had more than 2500 viewers.

**INDUCTION PROGRAM**

The Corporate office of Seth Anandram Jaipuria had organized a Principal Induction Program on February 26, 2020 in which all our Principals of partner school participated. It was a one day induction program with the objective to acquaint Principals with the functioning of the entire system as per Jaipuria guidelines. The department heads contributed in imparting information about the working of various verticals. All the Principals were made aware about their respective key responsibility areas, expectations and apprised them with the support provided to partner schools from the Corporate Office. During this trainings program, Mr. Vinod Malhotra (Director) initiated the Induction of the Principals with the welcome note and discussed how the Corporate Office will render the services to partner schools. He focused and stressed on the vision of Seth Anandram Jaipuria Group amongst all the partner schools. Mr.

Harish Sanduja (Director-Schools) discussed about training, school compliances and the affiliation process. He emphasized that the paperwork has to be initiated by the schools for the affiliation process.

Mr. Anirban Bhattacharya (AVP, Partner schools) conducted an interactive session with the participants on Partnership and Collaboration. He elaborated about stakeholder ownership, Jaipuria value delivery, the importance of the partnership, and ways to work in a cohesive manner. He also conducted a survey on mentimeter which was an eye opener for all the Principals.

Academics team explained about the services provided by the Corporate Office. Further, the team highlighted the importance of Academic audits, parent's orientation program, Design Thinking. Jaipuria e-connect features were showcased to all the principals during the session.

The entire session was rich with the information required for a school administrator for the development of the schools and their effective functioning.

**Online Admission Campaign**

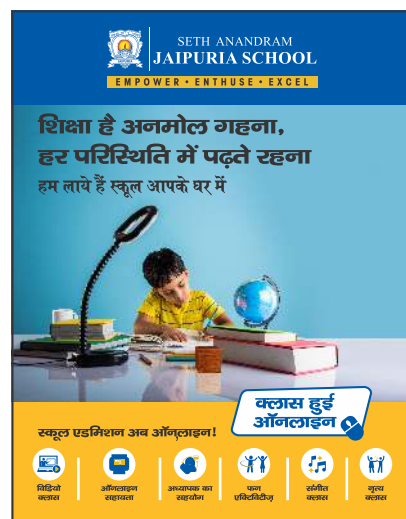

Online admission campaign – the right trigger of lockdown

This Pandemic has taught us new lessons. We all have been sitting at homes, maintaining distancing from friends, working round the clock to earn or run our homes. A hard time indeed, but the Jaipuria Operations and designing team were busy strategizing for getting admissions for each of our campuses! A fantastic use of this lockdown period when nothing is moving. Unprecedented support was extended to the partner schools in organizing activities, competitions and carnivals to get the online admissions.

Various online sessions were conducted for the non teaching staff and counselors to understand and make use of the zoom platform for effective counseling to the parents and securing admissions. During the time of lockdown, Operations team helped in conceptualizing many social campaigns which were made and shared. Apart from this, the most exceptional and offering was the Hindi language campaigns understanding the background of the parents which was used for educating the parents about Covid 19 and how they can remain safe.

Schools further showcased the same through their respective social media platforms and websites.

Adding to the above, many other important days were celebrated and creatives were shared for Tiger Day, Van Mahotsav, Guru Purnima, Baisakhi etc. to connect with the potential admission seekers.

**Memory Workshop for 21<sup>st</sup> Century learners**

Dr. Tushar Chetwani is an expert memory trainer from Lucknow who was invited for a session with our Jaipuria students. More than 700 students attended his session.

Mr. Chetwani mentioned certain techniques and emphasized on the basics of the brain functioning, how to convert short term memory into long term memory and the law of association and imagination. The session was quite informative where he illustrated with examples. In fact, parents of many children also attended the session and they requested for organising such webinar sessions on regular basis on different topics

At the end, Mr. Chetwani shared different ways of memorizing and tips for learning things quickly, which will help our learners in a very progressive way.

**SPOC Modelling for Effective Communication with Schools**

Effective communication is a process of exchanging ideas, thoughts, knowledge and information such that the school functions at its best possible manner. Keeping this in mind, the Jaipuria Corporate office adopted the SPOC Model (Single point of contact) for supporting all our Partner schools. In this process, one senior representative of Academics and one from Operations has been appointment for each of our partner school for continuous support. On a regular basis, each of the appointed SPOCs are continuously interacting with all the schools and supporting them with corrective measures, new initiatives from CO, or in case of any obstruction faced by the schools

**SPOC MAPPING WITH THE SCHOOLS**

## OVERCOMING CHALLENGES DURING THE PANDEMIC

**MS. SHIKHA BANERJEE**  
Principal, SAJS Kanpur

The pandemic has shown us an array of unprecedented situations of life! We lost people but we came closer to our families, learnt new things and broke barriers. Our teachers after the initial shock, rapidly started planning for the classes and executing them as well.

They enhanced their digital literacy through the usage of applications like Microsoft, Khan Academy, Google forms, Edx, Quizlet, Kahoot, and Udemu. Virtual tours on Google are an integral part of teaching now!

**MS. MANJU RANA**  
Principal cum Director,  
SAJS Ghaziabad

The school stands committed to impart quality education and empower students to face challenges. At present, when the entire world is shaken due to the pandemic Covid-19 and the nation-wide lockdown, we as educators realised the need to explore alternate ways of connecting and teaching students. This realisation brought about a saga of digitalisation in the teaching-learning process in my campus. We rose up to provide our students a comprehensive virtual platform to pursue academics in the testing times. The shift to the digital process led to the usage of multiple online tools like Microsoft Teams & Zoom for imparting daily lectures. This new way of teaching is made more effective with usage of tools like Flipgrid, Edupuzzle, Lifeliqe, Sea saw, Padlet, Wakelet, Google 3D, Quizzi, Near Pod etc.

**MS. ANJALI BAJPAI**  
Principal, SAJS Unnao

Corona or Covid – 19 the virus has changed the entire world. During the first lockdown the world seemed to be at a halt. Taking up the challenge we all decided to start our classes from 3rd of April as announced earlier. The first week was bit confusing for everyone. There were many issues but the major one was connectivity. To make the functioning smoother, we delivered the book sets at our student's door step. Video recorded lessons were shared by teachers through various mediums to benefit the students residing in remote areas with connectivity issue. I am extremely thankful to the Head Office for providing us support during Covid times.

**MS. POONAM KOCHITTY**  
Principal, SAJS Lucknow

The whole world comes to a standstill; we closed down schools, colleges, offices and locked ourselves in our homes due to the pandemic. When the times were so difficult, I saw the indomitable spirit of my teachers. Tools like Google sheets, Drive, Wakelet, OneNote, Nearpod and soft toys brought back the much-required learning to our students. We took to the new normal quickly, with a promise never to return to our old, complacent selves!

**MS. KRISHNA KUMARI**  
Principal, SAJS Alambagh

Schools went into lockdown in March 2020 while the final assessments were still going on. We started with the online classes almost at that time. The major challenge was to bring all students to attend classes regularly and getting the tasks completed. Other challenges included poor network, availability of devices, submission and correction of written work, giving feedback to students on the assignments and to ensure participation in the online class. But with correct strategies and mutual cooperation we overcame it all! Zoom & Google meet are being used mostly by teachers. Teachers are giving online quizzes to practice the concepts covered. Students record videos of their work and send to the class teachers. Class teachers share these videos with other teachers and parents in the panel to view the work and give feedback.

**MS. PUSHPA BISHT**  
VP, SAJS Sitarganj

The major challenge faced by the school is in the domain of network and connectivity. Again, the online teaching apps like Zoom and Google meet aren't compatible on everyone's systems. For this reason, screen recordings of the zoom classes are being shared on WhatsApp. Teachers repeat the summary of the lesson in a video and then it is shared with those who couldn't attend the classes; worksheets were also shared. Unit tests were also conducted with the complete strength.

**MS. SHWETA TIWARI**  
Principal, SAJS Varanasi

The most significant challenge that has been in the past months is engaging our students on this online platform effectively. To overcome all the difficulties, Seth Anandram Jaipuria School, Tarna organized online training for the teachers, regular morning classes, evening classes, bridging classes, remedial classes, project-based learning in the classes, mock test for all the classes. Some of our efforts were training the teachers for online classes and making them comfortable with the use of technology and the successful handling of digital glitches if they face while teaching.

**MR. PANKAJ SHARMA**  
Principal, SAJS Dibiypur

In Seth Anandram Jaipuria School, Dibiypur our earnest endeavour is to equip our learners with the comprehensive life skills which enables them to excel in every stage of life. In this Pandemic situation when the whole world came to a standstill, education of our students did not stop. We took some very positive and innovative steps to continue the education of our students. We are providing proper recorded videos of lessons to our students. Proper telephonic conversation on weekly basis for knowing the status of work is being done. We also take care of our field worker who are engaged during this lockdown period.

**MR. ANADI ANAND**  
Director, SAJS Mirzapur

Schools these days are platforms for collaboration of thoughts and ideas. At Seth Anandram Jaipuria School, we guide our children towards right principles, ethics and self-learning. We offer our students a stress-free learning environment which encourages creativity and critical thinking. In this pandemic situation, in spite of challenges like the students not having multiple devices and the like have been overcome by us. Our teachers deliver online classes from the school premises as the school has highly powered internet connections. Multiple cameras in each classroom gives an excellent visibility of the teachers along with the smart boards. It seems that the child is sitting inside the class!

**MS. JOAN NATHAN**  
HM, SAJS Raebareli

The sudden shift in the teaching-learning process due to the pandemic has come as a massive shock for both teachers and students. This unprecedented situation has brought in many difficulties. Lack of multiple devices, internet connectivity, long screen time for small kids, lack of attention and interest in the lessons are some of them. Another major setback was conducting assessments online. Seth Anandram Jaipuria School, Raebareli has overcome all these difficulties and finally taken to the online mode of teaching very effectively.

**MS. KAJAL MEHTA**  
Principal, SAJS Satna

SAJS Satna, was ready by all means to give a fresh start this year in 2020-21 to establish itself firmly in the domain of education, when the pandemic happened. One of the biggest challenges was communication with the staff, student, parents to develop the bonding. Second biggest challenge was, lack of parental involvement in supporting virtual classes. Third and most important challenge here in Madhya Pradesh was *No school, No fees*. As a result, the parents campaigned against the online classes and were not ready to pay the fees. But the different webinars by the Corporate Office helped convincing parents on the school's intention for imparting learning and also payment of partial fees.

## SCHOOL EVENTS AT A GLANCE

## SPRINGOLINA

Our school celebrated "SPRINGOLINA Blossom By Blossom The Spring Begins". Spring is the most pleasant season in India. To mark the advent of this beautiful season, a magnificent Fete-cum-Cultural Fiesta-SPRINGOLINA, was organized in the school campus of Seth Anandram Jaipuria School, Unnao on February 2, 2020 (Sunday).

It was an event full of cheerful faces, colorful stalls, peppy songs & performances, appetizing food and exciting gifts.

Honorable District Magistrate- Mr Devendra Kumar Pandey, ADM- Mr Rakesh Singh and SP- Mr Vikram Veer, graced the occasion with their presence. The chief guests were welcomed by our respectable Principal ma'am, Mrs Anjali Bajpai and our Chairman Sir, Mr Anand Ahuja.

## ABHINANDAN

Seth Anandram Jaipuria School, Dibiypur celebrated their Grand Annual function ABHINANDAN, 2020. On February 8, 2020 in the presence of Agriculture State minister Shri Lakhan Singh Rajput as a Chief Guest, Students of SAJS Dibiypur presented a grand cultural program.

The program was started by welcoming of guests and lighting of the lamp. From Grade 1 to grade 8, 100 students had participated in the events and they presented their hidden talent through marvellous performance. The event was ended with the motivational speech of the guests.

## MELA- E-JAIPURIA

On February 15 2020, Seth Anandram Jaipuria School, Mirzapur had organized MELA- E-JAIPURIA. More than 200 students of various schools of Mirzapur had participated in art, general knowledge, essay writing competitions and ramp walk according to their age groups. Various fun activities like horse riding, magic, various sports, sketching, tattoo and mehndi were also organized for students and their parents.

In this Carnival the Guinness Book of World record holder the great magician Mr. R.R. Singh presented his magic and pleasantly shocked everyone. The mehndi artist Mr. Ratnes had made Indian Mehndi, Indo-Arabic Mehndi Designs, Western Designs etc. on the palms of many mothers. Prizes were given out by the Director Mr Anadi Anand.

## SUMMER CAMP

MEMORY BOOSTING WORKSHOP was the best event organized by the SAJS Raebareli school on March 1, 2020. In this event a psychological expert and Educational counselor Mr Neeraj Srivastava was called to conduct this workshop where he explored different techniques to memorize various things with the help of Magic tricks, skill games, riddles and puzzles. The children took part very enthusiastically and the parents of Raebareli City found it a different and worth activity. As a result, there were a great number of registrations.

To make this event a great success, we had an enormous support of Mr Abhishek Khatri, Manager, Operations from the Corporate Office.

## SPARKLES

Seth Anandram Jaipuria School, Satna organized The Baby Show, SPARKLES on March 15, 2020 (Sunday) celebrating childhood at its campus. Over 200 parents with their tiny tots participated in the show.

There were many exciting and fun competitions for the babies. Children from the age group of 1.5 to 5 years stole the show with their sparkling and lively performances i.e. Healthy Baby, Photogenic Baby, Most Active & Friendly Baby along with activities for Parents, Talent Hunt and Quiz for the kids. The objective for holding the baby show was to share with parents the health tips for bringing up a healthy child.

## SUMMER CAMP

Seth Anandram Jaipuria School, Sitarganj: Summers are meant to rest and learn new things. This is the best time to engage children in all those activities which are otherwise difficult to follow. As school was shifted from real classrooms to online classrooms, so did our SUMMER CAMP. In a weeklong camp and a large array of activities were offered to the students. To name some were public speaking and stage handling, paper jewellery making, art and craft, calligraphy and photography. The students participated with zeal. It was the creativity of the students which mesmerized their parents and the teachers alike.

## BLOOMING THE MIND

Seth Anandram Jaipuria School, Tarna, Varanasi believes in activity based and concept-based learning for the growth of each and every child. Due to COVID-19 Pandemic, when schools are closed, we have got technological alternative to balance the continuity of learning among our students.

A plethora events had been conducted from June 8, 2020 to June 13, 2020 for the classes Nursery to VIII. All the activities were subject-based. Some of the activities were Germ and Teeth Cleaner Activity, Family Tree Making, Table manners, Pulse and Tea leaf activity, Shabdon ki Ghadi, Storytelling, Dumb Charades, Doha /Shloka recitation Corona Alert and many others. Through these activities, the students had developed skills like cognitive skills, fine motor skills, gross motor skills to name a few.

## SUMMER CAMP

This summer the Jaipurians of Alambagh campus had a fun learning session through an online summer camp. It was very exciting, fun filled rejuvenating which aimed at learning more than the offered curriculum. Students were engaged in fitness classes of various forms- aerobics, yoga and exercises, which was followed with art and craft session. The tiny tots made potted flowers, paper-bags with waste paper, posters, drawings and paintings to showcase their skills. The summer though hot and sultry with unfavorable conditions, turned out to be most fruitful, creative and worth a while time spent in the confines of one's home.

Our vision at Little One Jaipuria preschool Jajmau is to empower students with knowledge and skills which shall support them lifelong for aspiring good result and enable them to become pride of the nation. We focus on differentiated in-depth and cohesive learning.

I am deeply honored on being associated with Seth Anandram Jaipuria Group. It was a dream come true to be counted as a member of the elite Jaipuria Group and be a part of their mighty journey. Our gratitude in believing us; we value this bond. This association would not have bloomed without the cooperation and support of each member of this esteemed institution. We hope that we will continue to support each other in this great endeavour of imparting holistic education and creating socially responsible citizens!

**MS. DARAKSHA AHMED**  
Principal, Little ONE – The Jaipuria Preschool, Jajmau

★ ★ ★  
**WE AT LITTLE ONE...**

Education industry in itself is an honour to work with and brings lot of satisfaction and happiness at heart to see oneself be a small contributor in the nation's growth. Little One- The Jaipuria Preschool in itself is a complete place for the development of those who are the shapers of the future India. It is the best professional choice I could have made. Under the guidance of Mr. Shishir Jaipuria, the place looks forward for raising of kids who are fully competent, confident and reliant. Jaipuria Little One ensures to take care of all the stakeholders with a vision of uniform growth of all.

I am honoured to be a part of such optimistic and dedicated education house of the country

**MS. SUMAN AGARWAL**  
Director, Little ONE – The Jaipuria Preschool, Swaroop Nagar

In the wake of the unprecedented COVID-19 pandemic, teaching has suddenly been revolutionized from the centuries old blackboard and chalk method to online method. To keep the knowledge train moving amid the COVID-19, we at Little ONE –The Jaipuria Pre School, Vikas Nagar, are conducting online learning sessions for our students. During these sessions, the teachers are connecting remotely with the students and are providing study material by using technological aids like Google Meet, Zoom app, YouTube tutorials and WhatsApp broadcasts. The online classes are being held in a structured manner and is supervised regularly. The most challenging task we find is making children sit for long in front of screens and learn. For this purpose, we have designed engaging teaching strategies.

MS. SHRUTI AGARWAL  
Headmistress, Little ONE – The Jaipuria Preschool, Vikas Nagar

**EVENTS OF LITTLE ONE PRESCHOOL**

**Mother's Day, celebrating true love**

At our school, we had many celebrations like Holi, Basant Panchami. Online we celebrated Earth day and Story Day but when we celebrated MOTHER'S DAY online, it touched our hearts! Teachers coordinated with the fathers and the children made beautiful jewellery out of pasta shells and also made non-fire cakes! On the D day, all the mother's were overjoyed when they were presented with the beautiful jewellery and the cakes...

**International Tiger Day**

Global Tiger Day is celebrated every year to raise awareness all over the globe to protect and conserve the Tiger. Tiger is a symbol of will power, boldness and royalty which plays an important part in the health and diversity of an ecosystem.

With an objective to make the people realize the need for the protection of Tigers, our cherubs enthusiastically celebrated the Tiger Day to spread awareness on this day through a speech, a dance and a message.

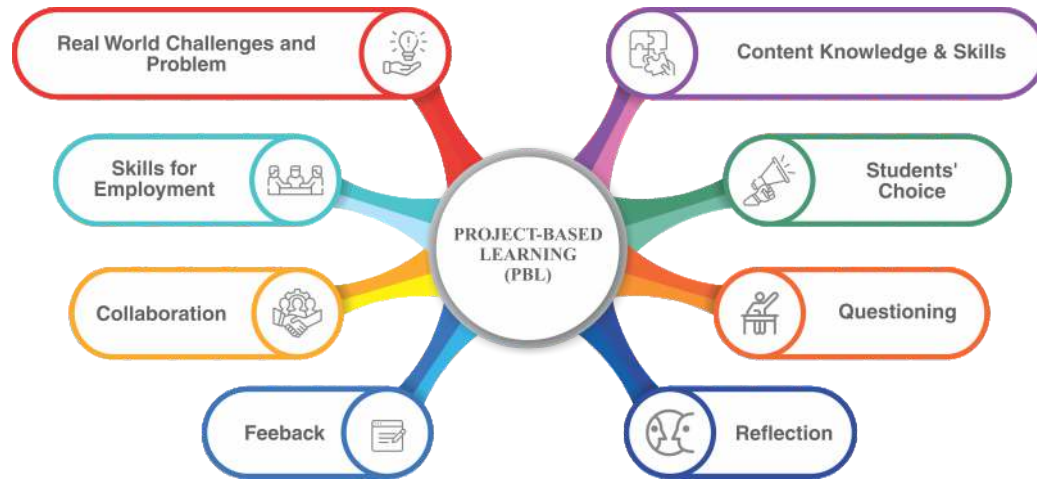

**Project based learning:  
A New Methodology of Learning**

Keeping in view, an exclusive training session on project-based learning, for all partner schools was recently organized from July 8 to July 11, 2020. The training session was organized under the guidance of Mr. Harish Sanduja. All partner school teachers were given training by the Academic council of Corporate Office.

The session comprised of understanding the concept of project based learning, its importance, subject wise rubrics management, implementation planning and how a teacher can evaluate the same.

Each of the sessions were attended by the teachers and other staffs and it was quite interactive followed by Q&A session at the end so that teachers do not find it difficult to implement inside the classroom.

Schools were instructed to implement the PBL and the scores will be considered in the assessments this year. Schools have actively started planning for PBL and started implementing in their schools.

**INDIAN EDUCATION AT THE CUSP OF A CHANGE**

It is time of the century when the whole world is facing difficulties and trying to cope up with the current pandemic. When such is the scene, many good things are happening also apart from people and industry which is trying to keep itself afloat. Indian education system has got the National Education Policy 2020, which is like a gush of fresh air in our current outdated system of education that hardly could live up to the current requirements of the society!

Indian education earlier did not acknowledge the fact that younger children from age group 3 years can be exposed to Early Childhood Care and Education even when the research all over the world had shown that it had a long lasting and positive impact in many ways on young children and thereafter adult citizens. We may be late but now we have woken up!

There will be changes in the entire schooling and assessment system in few years from now. We are likely to see that the Multi Linguistic Formula will be helping schools and young children to read and comprehend better. Students will be assessed on their fundamental Literacy and Numeracy skills in Grade 3. This will be more of a standardized testing which will act as a great measure for impact analysis and to strategize about where to push for. Similar interventions after Grade 5 and 8 exams will help in building policies in the long run.

Making students of classes 6-8 to take up a vocation course that will help build a skill like Carpentry, Metal Work, Electrical Work, Gardening, Pottery Making etc. will help students learn the Dignity of Labour apart from building skills. The new assessment methods will help in many ways in reducing the pressure on students and actually testing their real skills that matter in life. Semester system in grades 9-12 will help students to pick up from the vast variety of subjects of their choice and build a career in the field that they inherently like.

Organizations like PARAKH (Performance Assessment Review and Analysis of Knowledge for Holistic Development) will help boards of Assessments to standardize and share the best practices. This when coupled with NTA (National Testing Agency) which will conduct tests to make a bridge between the schools and colleges by testing the right skills and providing a quality score card, will serve multiple purposes.

**CREATING MORE HAPPY SCHOOLS...**

Hello Everyone!

Hope you liked the first edition of *Jaipuria Journal*, our in-house newsletter. We believe that the key to a profitable franchise relationship starts with trust, and trust starts with dialogue and communication. Publishing the newsletter is our way to communicate with all our franchisees, parents, and students and put forward the important milestones that we have achieved in our journey so far.

The last four months have changed the way we think, act, and operate in everyday life. COVID-19 has impacted almost every sector of the economy and education has not been exempted. Schools, colleges, and institutes have been closed down globally and students are at home with the least contact with friends.

At Seth Anandram Jaipuria Group of Educational Institutions, we have taken proactive steps such as switching to a virtual mode of learning, from the early days of lockdown to deal with this huge challenge that caught us suddenly. Reassuring students, parents and also our partner schools have been the integral element of our corporate response.

We are committed to the success of our partners and have taken steps to ensure that this commitment permeates the organization at every level. As a responsible franchisor, we have created multiple avenues for constructive conversation with our stakeholders. Training sessions for academic counsellors, webinars for potential investors, induction programs for newly recruited principals, and award functions celebrating the success of our schools have helped us stay upbeat and confident and tide over these difficult times.

Jaipuria Operations and Design Team have extended their tireless support to the partner schools to secure online admissions through some very creative campaigns. We have also adopted a SPOC model, where our partner schools have been assigned one senior representative each from Academics and Operations to interact regularly and prescribe corrective actions if needed in any of the domains of the schools. We have been celebrating the creativity of our students all through our journey. We organized an online exhibition of the holiday homework and art work of the children from all our partner schools to inspire them to reach for their dreams, despite the current lockdown situation that they are facing.

We work every day to create high-performing schools with powerful school leadership, high levels of collaboration, frequent follow-up of learning and teaching initiatives, focused professional development, a supportive learning environment, and high levels of community involvement.

We really hope that you get an idea of the congenial atmosphere we try to cultivate in our schools by going through this newsletter. This *Jaipuria Journal* will be published on bi-annually basis and we will try to have a maximum coverage of the past 6 months.
