ISSUE-II | May 2021

## IMPACT AND BENEFITS OF NEW EDUCATION POLICY FOR STUDENTS AND TEACHERS

National Education Policy 2020, when fully implemented, will transform the face of education in India. At the school level, it puts focus on early childhood care, foundational literacy and numeracy to ensure a strong base for lifelong learning in students. It also does away with hard distinctions between different streams to make learning holistic, integrated and interesting. At the higher education level, it aims to bolster knowledge creation and innovation by developing intellectual, physical, social, emotional and aesthetic skills in both learners and teachers. NEP 2020 will create skilled, qualified and highly-driven changemakers who will lead India on the path to becoming a superpower in the 21st century. The most important aspect of NEP is that it envisions an equitable and inclusive education for all.

**Mr. SHISHIR JAIPURIA, Chairman**  
Seth Anandram Jaipuria Group of Educational Institutions

## JOURNEY DURING THE CRITICAL TIME OF COVID AND SUCCESS STORIES

Covid-19 crisis has thrown us into an unusual situation never imagined before. However, the way we have managed to not just overcome the situation but also to continue to operate our lives in as normal a fashion as possible is nothing sort of a miracle, especially in the field of education, where teaching and learning modes have had to undergo complete transformation. The response from both teaching and learning community worldwide has been overwhelming, as they tuned continuously to match up with the need to disseminate the knowledge that was traditionally shared in physical mode. To be able to stand up and rise every time we fall, is the true definition of success. And once again we have proved that!

**Mr. SUSHIL SINGH, Chairman**  
The Jaipuria School, Farrukhabad

The world as we knew it in 2019 changed in the blink of an eye. Covid-19 pandemic forced us to close the school overnight and the teachers had to start teaching online. In the beginning of the session teachers and students had no books. Bundles of books were delivered to the students at their doorstep and the classes duly started in April. Many parents were going through a hard time economically and the school supported them by giving them a 25% discount in the yearly fees. The school too faced a financial crunch but the teachers rose to the occasion and continued to teach at 60% of their salaries. The school's affiliation to CBSE Board in January 2021 was a moment of pride for us all and we are committed to reach new heights in the new academic year.

**Mr. ANAND AHUJA, Chairman**  
Seth Anandram Jaipuria School, Unnao

Being an educationist did take this pandemic very seriously. During the lockdown period I had a major responsibility towards my family and my extended family - my school fraternity. The entire world was locked within the confines of four walls. Thankfully, none of my school members were infected by the virus, yet the trauma remained in the heart of hearts. We at Seth Anandram Jaipuria School, Alambagh, in totality followed all government norms and protocols to restrict, abstain, isolate ourselves and redress the situation firmly. On a positive note we started afresh as the vaccine came in and the schools reopened. The vibrancy of the smiles of our dear children filled the void that was created.

**Mr. KISHORE MEHROTRA, Secretary**  
Seth Anandram Jaipuria School, Alambagh Campus, Lucknow

Change is inevitable in life, but no one was prepared for the kind of disruption Covid-19 pandemic has brought in our lives and particularly to the education sector. This challenge has to be dealt with calmness and determination. Seth Anandram Jaipuria School in Sitarganj did just that. In the face of the pandemic, the school promptly switched to new platforms for teaching and learning. The classes began in the e-learning mode. Community classes were programmed for students residing in remote areas where virtual classes could not be a great success. Such classes helped students to complete syllabus and maintain the connection with teachers. In this context I thank all the stakeholders for walking hand in hand to cope with the situation.

**Mr. MAHESH KR. MITTAL, Managing Director,**  
Seth Anandram Jaipuria School, Sitarganj

Seth Anandram Jaipuria School, Tarna in Varanasi, began the academic year 2020-21 with great enthusiasm and we didn't allow Covid-19 lockdown to dampen our spirit. We immediately put in place an action plan to address the changing situation and foster better crisis management. Zoom, Microsoft Teams and Google Meet came as saviours. Students learned a great deal by participating in online Inter-School competitions for PPT and Multimedia, Quiz, Debates etc. Online Debating, Public Speaking and Dramatics workshop is already in place. Most importantly, the faculty is participating in various online trainings and using their expertise in regular classes. Overall, it has been an enriching and novel experience for everyone and we have come out with flying colours.

**Mr. LAXMI KANT PANDEY, Chairman**  
Seth Anandram Jaipuria School, Varanasi

The coronavirus infections are on the rise again as the second wave of the pandemic has gripped the nation. It is not clear why the numbers declined for five months and then rose again. An analysis of data leads to confounding questions, and some contradictory findings. We have to rely on many conjectures. Looking at the positive side of the pandemic's impact on education, I would surely say that the learning cells in our brains became active to think and analyse how to continue with the education of young minds.

**Mr. PUSHPRAJ SINGH PARIHAR, Secretary**  
Seth Anandram Jaipuria School, Satna

When we started the school in 2020, we didn't expect the Covid pandemic to cause widespread closure of schools. But the lockdown happened and schools were closed. We were faced with many challenges to continue delivering education to students. After some initial hiccups, we started the online classes and streamlined them as days and weeks went on. Online morning assembly, festival celebrations, activities and practical were done like in a normal day school. I feel immense pleasure in stating that our online education was such a big success that Seth Anandram Jaipuria School, Mirzapur received **The Best School of The Year Award** by International Education Awards 2020.

**Mr. ANADI ANAND, Director**  
Seth Anandram Jaipuria School, Mirzapur

Seth Anandram Jaipuria School, Raebareli, launched its first academic session in the year 2020. At first sight, it seemed very unfortunate that the launching year became a time of pandemic that is COVID-19. Undoubtedly, it was a great challenge to raise the admissions and to run the classes as well, but with the tremendous efforts and great hard work of the team we could do both in an effective manner. Besides online classes, we took the initiative to organize online assembly, online cultural activities and online celebration of special days. Our students have been very enthusiastic and our teachers very successful in demonstrating that nothing is impossible if we set our hearts and minds into it. **We continue ahead in the same spirit.**

**Mr. VED PRAKASH BAJPAI, Director**  
Seth Anandram Jaipuria School, Raebareli

Our endeavour to facilitate the academic process during the lockdown has reached new dimensions, says Mr. Shiv Prasad Yadav, Chairman of Seth Anandram Jaipuria School, Dibiyaapur. The unprecedented COVID-19 lockdown did not let our spirits dampen. The students had to be engaged gainfully and positively with a new learning - the virtual one. These trying times are also a great opportunity for children to imbibe the all-important life skills. In these times of turmoil, the primary duty and responsibility of a Principal is to calm and reassure the stakeholders that we can make the academic year 2021-22 a success with careful planning, safety measures and new rules and regulations. Stay Healthy, Stay Safe!!

**Mr. SHIV PRASAD YADAV, Chairman**  
Seth Anandram Jaipuria School, Dibiyaapur

Once the academics were taken care of, it was time to focus on the most integral part of a boarder's life: co-curricular activities and care, says Director of Seth Anandram Jaipuria School, Naini, Prayagraj. Seth Anandram Jaipuria School, Naini, anticipated the gravity of the Covid-19 pandemic and sent most of the boys back home way before the deadline. The next step was to train the staff on Microsoft Teams so that they could be equipped to handle online classes efficiently. The existing model of Module-based teaching definitely came handy and we commenced our online classes as early as 30 March 2020. Class Teachers were deployed as a focal point of contact for the parents and respective students. Overall, it has been an enriching and novel experience for everyone.

**Dr. PANNA LAL, Director**  
Seth Anandram Jaipuria School, Naini, Prayagraj

Tough situations never last, but Tough People Do. When the world was busy grappling with Covid, we decided to answer our social responsibility by doing something for the people of home town. From distributing food to the needy to starting a revolutionary educational institution we did it all and left no stone unturned. We decided to give the children of Nanpara a better opportunity for quality education in their home town so that they did not have to go out miles to study. That's when, after lot of dedication and hard work, Seth Anandram Jaipuria School happened. With state-of-the-art infrastructure and a community of lifelong champions, we define success. As a team, we believe in turning DREAMS To REALITY...

**Mr. ANAND PODDAR, Executive Director**  
Seth Anandram Jaipuria School, Nanpara

The pandemic caused a sudden closure of schools and made online education the new trend. Our school weathered the storm and the entire Little One - The Jaipuria Preschool, Jajmau family did a terrific job. Our principal ma'am, teachers & our lovely kids with their parents helped us stand tall through this pandemic. Online activities, events, examination, assessment, competition etc. were all done with 100% effort. Our kids took part in Fancy Dress Competition, Talking Titans Fest, and the results were awesome. Our school secured 3<sup>rd</sup> position and one of our students came 2<sup>nd</sup> at nursery level in Kanpur. The Camlin Colours Drawing Competition had our kids displaying their creativity. The pandemic has taught us to be resilient and turn adversity into opportunity.

**Mr. IKHLAQ AHMED, Chairman**  
Little One - The Jaipuria Preschool, Jajmau

The New Education Policy is a revolutionary move that will usher fundamental changes in the Indian education model to benefit students and teachers alike. The policy aims to establish a firm foundation for children's future. Besides ensuring high quality education for every child, NEP has opened new opportunities for education stakeholders, thereby paving the way for India's emergence as a global knowledge superpower in the future. The policy focuses on a child's formative learning with a multi-faceted curriculum and has a very positive impact on the learner's growth curve.

**Ms. SUMAN AGARWAL, Director**  
Little One - The Jaipuria Preschool, Swaroop Nagar

**SETH ANANDRAM JAIPURIA SCHOOL AND LITTLE ONE AWARDED LEADING SCHOOL CHAIN IN INDIA AT**

**elets**

The excellence of Seth Anandram Jaipuria Group of Schools was recognized by ELETS at its 18<sup>th</sup> World Education Summit 2021 with a prestigious award for the 'Leading K12 Chain of Schools in India'.

Little One, The Jaipuria Preschool, was also awarded the Leading Preschool Chain (National). The award is a recognition of the preschool chain's contribution to foundational education.

ELETS World Education Summit & Awards is a notable platform that acknowledges and recognizes the leading change-makers in the field of education. In awarding the schools, ELETS considers several criteria, such as the infrastructure, facilities, quality of education, technology integration in the curriculum, the ethos for innovation and the ultimate performance of students.

Seth Anandram Jaipuria Schools and Little One Pre-schools have aced all these criteria to emerge as the Leading K-12 Chain of Schools in India. ELETS has recognized our schools for their exemplary contribution to education.

**2<sup>nd</sup>**

**DR. RAJARAM JAIPURIA MEMORIAL LECTURE 2020**

**PROVIDES GREAT INSIGHTS INTO LEADERSHIP QUALITIES**

The 2<sup>nd</sup> Dr Rajaram Jaipuria Memorial Lecture was held virtually on December 5, 2020. The Chief Guest of the lecture was Mr. Nitin Gadkari, Minister for Road Transport & Highways, and Minister for MSMEs in the Government of India. The lecture's topic was quite pertinent: Role of Leadership in Turbulent Times. Chairman, Mr. Shishir Jaipuria delivered an inspiring welcome address in which he feted Mr. Gadkari. In his speech as Chief Guest, Mr. Gadkari said, "Good leaders take lessons from history. My learning comes from 3Cs: cooperation, coordination and communication."

**'16TH FOUNDER'S DAY' CELEBRATION AT SETH ANANDRAM JAIPURIA SCHOOL, GHAZIABAD**

Seth Anandram Jaipuria School, Ghaziabad, celebrated its 16<sup>th</sup> Founder's Day with much exuberance on December 12, 2020. The virtual event saw enthusiastic participation by the students and teachers of the school. Mr. Devdutt Pattanaik, the noted author, mythologist, graced the occasion as the Chief Guest. Chairman Mr. Shishir Jaipuria praised the school's exemplary performance in the last 16 years to become No. 1 school in the city of Ghaziabad, and No. 31 in India. The school's Principal cum Director, Ms. Manju Rana, listed out the milestones achieved in the years gone by.

Mr. SHISHIR JAIPURIA

Ms. MANJU RANA

DEVDUPT PATTANAIK

Ms. SUNITA JAIPURIA

**4<sup>th</sup> JAIPURIA ANNUAL SCHOOL LEADERSHIP CONCLAVE 2021**

The 4<sup>th</sup> Jaipuria Annual School Leadership Conclave 2021, which is also a School Principal Induction Program, was organized at Jaipuria School of Business dated 1<sup>st</sup> and 2<sup>nd</sup> March 2021. The Chief Guest of the Conclave was Dr. Biswajit Saha, Director of Skill Education and Training at CBSE. The best minds of Seth Anandram Jaipuria Group of Educational Institutions shared valuable insights at the conclave. They included Chairman Mr. Shishir Jaipuria, Vice Chairman Mr. Saket Jaipuria, Mr. Vinod Malhotra, Mr. Harish Sanduja, Ms. Manju Rana, Ms. Shikha Banerjee, Ms. Anjali Khanna, Ms. Sushma Raturi, Mr. Anirban Bhattacharya, Ms. Khushboo Pandey, Mr. Sanjay Mishra, Ms. Tapasi De and Mr. Deepak Jain. The induction program was conducted for all the partner schools' Principals. It was a great learning experience for all the new principals who joined the group recently. Relevant topics were discussed and brainstormed while principals added a lot of value in the working pedagogy of the Jaipuria group schools.

**JAOP Jaipuria Annual Orientation Programme**

Seth Anandram Jaipuria Group's corporate office organized a virtual JAIPURIA ANNUAL ORIENTATION PROGRAMME for the non-teaching staff of the group's schools on 22<sup>nd</sup> and 23<sup>rd</sup> February, 2021. The programme was meant especially for the orientation of non teaching staffs of both core schools and partner schools before the start of the new academic year. Through the programme, admission teams across schools interacted on a variety of relevant topics, such as Brand Positioning, significance of social media, admission & enquiry Management and various ways of designing promotional campaigns. The event was supervised by the franchise division under the leadership of Mr. Deepak Jain, AGM-Operations, Partner schools. Partners and Principals applauded the success of the training programme and more than 80 non-teaching staff participated in the same.

**JAIPURIA CONDUCTS SCHOOL AUDIT 2020**

**JAPP**  
JAIPURIA AUDIT PLATFORM FOR PERFORMANCE

The Corporate Office of Seth Anandram Jaipuria Group of Educational Institutions successfully conducted a thorough audit of all its partner schools in October 2020. AVP – Partner Schools, Mr. Anirban Bhattacharya led from the front and was the driving force in creating a new format for online audit of all partner schools. He said, "Looking at the pandemic and travel restrictions, we still wanted to have the Audits in our partner school with due diligence. We wanted to encash the opportunity to create a digital platform wherein we can evaluate the staffs and their workings in such a way that the real time performance of the school can be evaluated as we can share the recommendations to fulfil the gaps. The JAIPURIA AUDIT PLATFORM FOR PERFORMANCE helped the schools to maintain a high standard of education by identifying the needs for their staff".

This new comprehensive platform included various kinds of evaluation for all the staff of partner schools. The Academic Team also conducted the online CRO of all the schools to examine the quality of teaching at the school on real-time basis and the observations were submitted on the platform. Schools were given ratings based upon the overall performance and recommendations were made for improvement. JAPP dashboard was created for school promoters and principals to view various types of reports including individual performance of teaching and non-teaching staffs, scope of improvements for the overall school and the areas where the principal needs to focus.

**ONLINE PARENTING WORKSHOP**

Seth Anandram Jaipuria School, in collaboration with Saamarthya Teachers Training Academy of Research, organized a live webinar entitled UNDERSTANDING YOUR CHILD AND THE ROLE OF PARENTS on January 30, 2021. The key speaker of the webinar was Mr. Harish Sanduja, Director-Schools, Seth Anandram Jaipuria Group of Educational Institutions. Parents of pre-primary students attended the webinar with much enthusiasm. Mr. Sanduja touched upon a whole range of interesting points about child psychology and provided an insight into a child's mental and emotional needs. The workshop witnessed more than 2500 parents all across our partner schools.

## MASK DISTRIBUTION DRIVE

BY SETH ANANDRAM JAIPURIA SCHOOLS

The partner school division of Seth Anandram Jaipuria Schools began a noteworthy initiative by distributing free face masks to the needy people in October 2020 to help prevent the spread of the coronavirus pandemic. The outreach program was conceptualized and spearheaded by Mr Anirban Bhattacharya, AVP, Partner Schools. The modus operandi involved distributing cotton masks to the schools of Seth Anandram Jaipuria Group of Educational Institutions. All the partner schools initiated the campaign in their respective regions by distributing these masks to the needy people who couldn't afford to buy masks or replace them every alternate day.

More than 1000 cotton masks were distributed which were stitched at homes. Each of the partner schools actively participated in the distribution campaign and more than 3000 families were benefitted with this initiative. Many of our schools were covered by the local media for this social cause and received applause from the local administration.

To make learning fun for little children, Seth Anandram Jaipuria School introduced the Talking Pen in its pre primary segment. The Talking Pen is a unique pen that can talk and narrate stories to enrich the learning experience of the little ones. It empowers pre-school teachers to command the attention of children with just the press of a button. An electronic device with nano technology, the Talking Pen is loaded with interactive content, phonic songs and musical rhymes.

This pen helps students to understand the correct pronunciation of words both in Hindi and English. Teachers and parents are quite enthusiastic to make use of the pen inside the classroom. Promoters of various school have shown their appreciation towards this fantastic move. The schools showcased the talking pen during the counselling for admissions and the results were phenomenal.

## MAKING PRE-PRIMARY EDUCATION INTERESTING WITH TALKING PEN

## SETH ANANDRAM JAIPURIA SCHOOLS EXCEL IN EDUCATION WORLD INDIA SCHOOL RANKINGS 2020-21

Seth Anandram Jaipuria Schools were honoured by the Education World India School Rankings (EWISR) 2020-21 in November 2020. Our schools in Sitarganj, Dibraypur and Satna were all Ranked No.1 School in their respective cities. They also became the Youngest School to be Ranked No. 1 in their respective cities. Each one of our schools in Mirzapur and Raebareli was Ranked No. 2 School and also emerged as the Youngest School to be Ranked No. 2. SAJS, Varanasi, was Ranked No. 5. Seth Anandram Jaipuria Schools, Lucknow, and Unnao notched excellent rankings.

The efforts towards bringing such accolades for the partner schools by the Corporate Office was appreciated by the school promoters.

## NEW BUILDING INAUGURATION AT SETH ANANDRAM JAIPURIA SCHOOL, SHAHEED PATH, LUCKNOW

Seth Anandram Jaipuria School, Lucknow, reached an important milestone on February 16, 2021, with the inauguration of a new state-of-the-art building on its sprawling campus at Shaheed Path.

The ceremony took place on the school campus in the presence of teachers, students, parents, faculty and media persons. Mr Satish Mahana, Minister of Industrial Development, Government of UP, was the Chief Guest and he cut the ceremonial ribbon along with the Chairman Shri Shishir Jaipuria, the Group's advisor, Mr. Vinod Malhotra and Principal Poonam Kochitty. Smt. Suniti Devi Jaipuria Ji did the virtual inauguration of the new building.

## OUR STRENGTH

## NEP-2020

## IMPACT AND BENEFIT OF NEW EDUCATION POLICY FOR STUDENTS AND TEACHERS

**Ms. SHIKHA BANERJEE**  
Principal

Seth Anandram Jaipuria School, Kanpur

The National Education Policy (NEP) 2020 marks a historic development in the Indian Education System. It is time appropriate and progressive in its vision. It has a focus on customized access from early childhood to higher education. The NEP envisages broad-based, multi-disciplinary, holistic Under Graduate Education Program with flexible curricula, creative combinations of subjects, integration of vocational education and multiple entry and exit points with appropriate certification.

The 21<sup>st</sup> century classroom requires 21<sup>st</sup> century teachers. The NEP attaches respect to the teaching profession. Professional development of teachers, building their accountability through tenure track system and periodic performance appraisal, all can create a positive impact.

The proposal to introduce vocational education from the middle school and the creation of a National Committee for the Integration of Vocational Education (NCIVE) will not only minimize the social stigma attached with taking up a vocation as a career, but will also expose them to multiple career paths, including entrepreneurship.

The National Education Policy promises an excellent collaborative platform for the Government and the Independent Educational Institutions to start aligning towards constructive Nation Building.

**Ms. MANJU RANA**  
Principal cum Director

Seth Anandram Jaipuria School, Ghaziabad

Bringing a sea of change, the National Education Policy-2020 (NEP) is a comprehensive, ambitious and futuristic framework that will not just change the way a student studies but also the way examinations are conducted and final assessment is provided. In a way, the policy brings major reforms, as it shall step up to the international curriculum options by providing holistic skill-based learning to students and learners. There will be a lot more flexibility to choose subjects in schools and colleges, to boost integrated education that is more aligned with the global system. Additionally, the process will continue even in higher education with all institutions set to become multidisciplinary and focussed on research.

It signals the end of rote learning, fosters assessments based on the application of core concepts and introduces skills at an early age. There's a major shift from summative assessment to a more competency-based regular assessment that tests analysis, critical thinking, conceptual clarity and holistic development. The policy ideates to instil a sense of responsibility and self-evaluation, a welcoming and much-needed change!

The greater focus of NEP is on experiential learning – a key element in international education and curriculum options. Bloom's Taxonomy for the 21<sup>st</sup> century learners under the NEP has taken a 360 degree change with creativity at its highest echelon and developing this creativity shall revolutionise the Indian Education System. This means better real-life training and enhanced skill sets for the learners.

**Ms. POONAM KOCHITTY**  
Principal

Seth Anandram Jaipuria School, Lucknow

In major school-to-college reforms, the NEP 2020 brings about an amelioration in the portals of learning. The proposal to bring play schools within the ambit of 'formal education' and encouraging local languages to be the medium of instruction, will promote learning competencies. The rigid distinction between curricular, extracurricular and co-curricular subjects in school and the provision of multiple entry and exit option in higher education gives flexibility to students to hone their skills and interests. Introducing vocational education from class VI onwards will expose the students to various career paths.

Thus, timely and progressive, NEP 2020 marks a historic development in our education system.

**Ms. KRISHNA KUMARI**  
Principal

Seth Anandram Jaipuria School, Alambagh

National Education Policy 2020 takes further the spirit of constructivism directed towards making India a global knowledge super power. The focus on grooming young students highlights the importance of early childhood and care. Emphasis on vocational courses will enhance the skill sets of our learners. Assessments based on core competencies of the student will automatically shift their focus on becoming lifelong learners rather than passing exams.

The multidisciplinary approach will provide our learners with abundant opportunities to explore a varied number of fields to suit their interest and needs. Empowering the teachers with training will positively influence the teaching learning methodology. We as facilitators hope to see the next generation equipped with life skills and ready to face the challenges of being a global citizen.

**Mr. RAJIV K SHRIVASTAVA**  
Principal

The Jaipuria School, Farrukhabad

Even before the Covid-19 crisis forced us to change our ways and means of dissemination and learning of knowledge, there was a need to rethink our one-size-fits-all approach to education.

New Education Policy explores transformative approaches to K-12 education that go far beyond grades and marks and accept that to succeed in a digital-first world and life, children will need all the social, emotional, and academic support they can get via rich and flexible learning experiences that will differ vastly from the schooldays of their parents.

While the real implementation of NEP may take time, we must remember that a journey of thousand miles begins with a single step!

**Ms. ANJALI BAJPAI**  
Principal

Seth Anandram Jaipuria School, Unnao

New Education Policy is student-centric and it paves the way for critical thinking. It goes beyond curriculum to focus on experiential/critical learning rather than emphasising on rote learning. It also provides lifelong learning opportunity to students.

The key feature of NEP is that there will be no hard separation in the streams like science and humanities. Subjects like arts, music, crafts, sports, yoga etc will be a part of the curriculum. This will help the students to develop scientific temper at a young age. The NEP will promote skill-based education and enhance the practical skills of the students. 'Coding' will be included for students of class VI and upwards. Sanskrit will be a part of the curriculum.

**Ms. KAJAL MEHTA**  
Principal

Seth Anandram Jaipuria School, Satna

New Education Policy (NEP) aims at universalization of education from pre-school to secondary level.

First, the NEP aims at ensuring last-mile delivery with a focus on universalising access to education, integrating over 2 crore out-of-school children from socio-economically disadvantaged groups. Second, through a convergence of efforts and erasing conventional silos in workflows. Early childhood care and education will be delivered via a new curriculum as well as a play and activity-based pedagogy, bolstering the most critical phases of learning.

There will be no hard separation of learning areas like science and humanities in terms of curricular. There will not be any separation between co-curricular and extra-curricular areas and all subjects, including arts, music, crafts, sports, yoga, etc. will be part of the overall curriculum.

**Mr. PANKAJ SHARMA**  
Principal

Seth Anandram Jaipuria School, Sitarganj

NEP lays an emphasis on the development of the creative potential of each individual. It is based on the principle that education must not only develop cognitive capacities but social, ethical and emotional capacities.

This policy envisages that the extant 10+2 structure in school education will be modified with a new pedagogical and curricular restructuring of 5+3+3+4 covering ages 3-10.

The key benefit of overall thrust of curriculum and pedagogy reform across all stages is to move the education system towards real understanding and away from the culture of rote learning. Curriculum content will be reduced in each subject to its core essentials, to make space for critical thinking.

Students will be given increased flexibility and choice of subjects to study.

**Ms. SHWETA TIWARI**  
Principal

Seth Anandram Jaipuria School, Varanasi

The NEP 2020 aims at making India a global knowledge superpower. It is the third major revamp of the framework of education in India since the Independence. The two earlier education policies were brought in 1968 and 1986.

Some of NEP's benefits and features are:

1. Class 10 and 12 board examinations to be made easier, to test the core competencies rather than memorised facts, with all students allowed to take the exam twice.
2. A new and comprehensive National Curriculum Framework for Teacher Education (NCFTE) 2021 will be formulated by NCTE in consultation with NCERT.
3. Affiliation of colleges is to be phased out in 15 years and a stage-wise mechanism is to be established for granting graded autonomy to colleges.

**Ms. SRIDEVI BHERI**  
Principal

Seth Anandram Jaipuria School, Mirzapur

NEP is a policy which envisions a holistic, innovative, skill-enhancing and research-based education to bring out unique capabilities in each and every student.

This policy stands firm on the pillars of equity, quality, attainability, affordability, and compatibility with the changing trends of the society. This policy will have a phenomenal effect on the developmental aspects of the next generation.

The policy is grounded on Early Child Care Education (ECCE) and aims at the universal development of a child in a fun-based conceptual learning model, starting at the age of 3 years, instead of 6. The interdisciplinary approach and skill-based learning will enrich the learning process of students and help to make India a vibrant knowledge super power in the world.

**Ms. JOAN E NATHAN**  
Headmistress

Seth Anandram Jaipuria School, Raebareilly

The New Education Policy is a comprehensive framework to guide the development of education in India. The need for an overhaul in educational framework was first realized in 1968 and with some amendments it was again reconsidered and updated in 1992. But the New Education Policy 2020 given by our Honourable Prime Minister Mr. Narendra Modi has replaced the old policies to focus more on the elementary level of education to higher education in the country. This policy has been designed to ease the burden of classroom teaching and examination stress on students. The new policy is well focused on creating a holistic, application-based education system with a special emphasis on skill development which will make the students' future bright and ready for global exposure.

**Dr. PARAMJIT KAUR**  
Principal

Seth Anandram Jaipuria School, Nanpara

The evolution of an individual happens due to the right implementation of education and this is where I feel the New Education Policy is concentrated on. Rote learning has been a way of traditional learning, but NEP puts forth importance of practical knowledge and aims at development of scientific temper at a very young age. Value-based education is one of the strongest pillars of NEP and I believe for any country to become a strong nation it is necessary to have strong individuals. Skill development is also a major aspect of NEP which will impact the learning of kids and will promote more holistic approach and multidisciplinary education.

Let us not fill vessels, let us light LAMPs.

**Ms. RITU SRIVASTAVA**  
Principal

Seth Anandram Jaipuria School, Naini

The National Education Policy 2020, which was approved by the Union Cabinet of India on 29 July 2020, outlines the vision of India's new education system. The new policy replaces the previous National Policy on Education, 1986.

There will be no hard separation of learning areas like science and humanities in terms of curricular. There will not be any separation between co-curricular and extra-curricular areas and all subjects, including arts, music, crafts, sports, yoga, etc. will be a part of the overall curriculum. It will help students to develop scientific temper from a young age. The NEP aims to make it easier to set up new quality of higher educational institutes which will be at par with the global standards.

**Ms. DARAKSHA AHMED**  
Principal

Little ONE – The Jaipuria Preschool, Jajmau

The New Education Policy marks the end of the 10+2 era and beginning of 5+3+3+4 structure, covering ages 3-18 years. This policy ensures that every child has access to formal schooling. It offers greater flexibility for students of higher standards for their course choices and pace of study. NEP is aimed at developing scientific temper and mathematical thinking in students from a young age.

**Ms. TRIPTI DHARIWAL**  
Headmistress

Little ONE – The Jaipuria Preschool, Vikas Nagar

The New Education Policy has been framed to lay a strong base of Early Childhood Care with a view to promote better learning, development and well-being of children. The policy is practical and encourages a flexible education system that allows children to choose an educational pathway best suited for building competencies. The focus is on experiential learning - a key element in international education.

## SCHOOL EVENTS AT A GLANCE

## MASK MAKING ACTIVITY

The students of **Seth Anandram Jaipuria School, Unnao**, made commendable personal efforts to help the fight against the corona virus pandemic. They channelled their inner creative zeal to make different types of face masks to prevent the spread of the virus. These masks had imaginative shapes and designs that reflected the artistic skills of the students. All the masks were later distributed to the needy. The beneficiaries of the mask distribution drive were laborers, daily wagers, and frontline warriors such as sweepers, security guards in the schools, and maids, servants, rickshaw pullers in nearby areas.

## CELEBRATING INTERNATIONAL WOMEN'S DAY 2021

**Seth Anandram Jaipuria School, Naini**, organized the **International Women's Day celebration on 8th March 2021**. The theme of the event was: **Choose To Challenge**. The program commenced with the lighting of the lamp by the chief guest. The Principal Mrs. Ritu Srivastva and Assistant Director motivated and encouraged all women to do their best in each and every field. At the end of the function, a Tulsi plant and sweets were distributed by the principal to each one of the female guests and staff members. The event celebrated the empowerment of women.

## MARTIAL ARTS AND YOGA TRAINING CAMP

**Seth Anandram Jaipuria School, Satna**, organized a **Martial Arts and Yoga Training Camp on 10th February 2021** to teach self-defence techniques, stretching exercises and yoga to children. Besides training, the camp helped the students to learn how to relieve stress and release pent-up energy. The training camp lasted for 15 days and concluded with a closing ceremony held on 24th February 2021. The participants learned self-control, mind concentration, hand-eye coordination and sharp reflexes by learning different techniques of self-defence.

## PARENT ORIENTATION PROGRAM

**Seth Anandram Jaipuria School, Sitarganj**, successfully organized a **Parent Orientation Program** on the school premises. The purpose of the orientation was to know the problems faced by the parents and students during the lockdown and find solutions for them. Our school is trying its best to cope up with the adverse circumstances of the Covid-19 pandemic by conducting online classes, activities, competitions and PTMs etc. through Zoom, WhatsApp video calling and many other online platforms. In future also, we won't let education suffer as a result of the pandemic or lockdowns.

## SCIENCE EXHIBITION ON NATIONAL SCIENCE DAY

On the occasion of **National Science Day**, **Seth Anandram Jaipuria School, Alambagh, Lucknow**, held an **online Science exhibition** for the students of classes three to nine on **27th and 28th February, 2021**. The students displayed scientific skills and performed amazing experiments to demonstrate and explain scientific phenomena. Some of the interesting works on display included construction of magnets and electromagnet, effects of various chemicals at melting point, and modes of energy transfer. The junior classes demonstrated steps of separation of mixtures, properties of air, methods of identifying food adulteration, shadow formation, properties of light, vegetative propagation and many more.

## VASANT PANCHAMI CELEBRATION

**Vasant Panchami**, also called **Sarasvati Puja** in honor of the goddess Saraswati, is a festival that marks the preparation for the arrival of spring. The festival is celebrated in the Indian subcontinent in various ways depending on the region. **Vasant Panchami** also marks the start of preparation for **Holika and Holi**, which take place forty days later.

**Vasant Panchami** was celebrated with fervor amid traditional puja and havan. Students put up devotional songs in traditional yellow attire.

## AWESOME BLOSSOMS

We, at **Seth Anandram Jaipuria School, Tarna, Varanasi**, believe in the holistic development of children. Body, mind and spirit – they all need to develop in sync, and it is always our endeavour to instil this balanced growth in children through interesting activities. One such activity was **AWESOME BLOSSOMS**, which was conducted to celebrate the spring season. Students were treated to 3-D presentations and a lovely budding seasons video. The children and their parents enjoyed the session.

## AARAMBH

**Seth Anandram Jaipuria School, Nanpara**, was launched at a grand ceremony on February 19, 2021, on the school campus on Nawabganj Road, Nanpara. The launch formalized the collaboration between the Jaipuria Group and Shawariya Education Foundation. The Chief Guest was Mr. Ashok Kumar, Additional Superintendent of Police – District Bahraich. Prominent dignitaries at the launch were AVP (Partner Schools) Mr Anirban Bhattacharya, School Directors Mr. Sarvesh Tekriwal and Mr. Anil Poddar, and school principal, Ms. Paramjeet Kaur. The school's first academic session began in April 2021. Presently, the school operates from Nursery to Grade 7.

आरम्भ है ये - नवजीवन का  
आरम्भ है ये - ज्ञान का  
आरम्भ है ये - उड़ान का  
आरम्भ है ये - प्रकाश का  
आरम्भ है ये - कल्पनाओं का  
आरम्भ है ये - विचारों का  
आरम्भ है ये - अनकानक संभावनाओं का

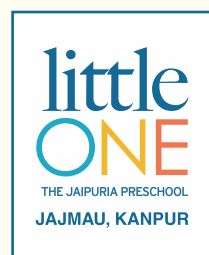

## DIWALI CELEBRATION &amp; EXHIBITION

**Seth Anandram Jaipuria School, Raebareilly** celebrated "**Deepotsava**" and "**Diwali Exhibition**" in the school campus in the presence of Respected Director Sir Mr. Ved Prakash Bajpai, Headmistress Mrs Joan Nathan and all the staff members. On this auspicious day we showcased the creativity and positive thinking skills of our lovely students. Our students decorated Diyas, Kalash those were very attractive and were liked and purchased by the parents. Additionally, the students prepared some decorative cards and wall hangings with the use of waste material based on the theme "Best out of Waste". Some students have prepared their creative paintings on the topic positive things during Pandemic Covid-19 and some Students prepared Rangoli in the school campus. The management, parents and media persons appreciated efforts of our students and teachers. Media gave a good coverage on this. We feel very proud to organize this event so effectively in the time of Pandemic even.

## WE AT LITTLE ONE...

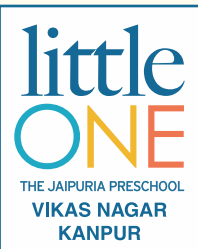

An **Art, Craft & Academic Exhibition** was held on 2nd March 2021 at **Little One, The Jaipuria Preschool, Jajmau**. The School campus resembled a spectacular canvas bedecked with craft items and theme projects. The overall yearly craft items, projects and worksheets of the children were displayed according to their classes. Many kids took part and spoke confidently about their projects in front of the visitors. The project included all the worksheets done during the session, different craft works, project, models, like, **FROSTY WINTER, AQUARIUM, ANIMAL PLANET, FIRE STATION, TRAFFIC RULES, SWACH BHARAT**, and many more.

## WELCOME BACK STUDENTS

**1st March 2021** was an unforgettable day for all **Mirzapur Jaipurians**. After a long period of lockdown, students returned to the school. For us, it felt like the first day of the school in many ways. We welcomed the students together and made them feel special. Students had also missed their school and friends. We organized a fun day to welcome them. We held events in which students took part in many activities like Sweet Hunt, Beach Ball Buzz, Blow and Blast, Treasure Hunt etc. With these activities, students enjoyed and got refreshed after an along time.

Christmas  
celebration

Christmas may be a day of feasting, or of prayer, but it will always be a day of remembrance – a day in which we think of everything we have ever loved." The Covid-19 pandemic had dampened Christmas celebrations everywhere but our school kept the festive cheer alive on the digital platform. Last year, Christmas was celebrated in a different way i.e. via the online platform. Though the celebrations were held virtually, the boundless joy of celebrating this festival was quite evident on the face of each child. The celebrations commenced with the online prayer meeting. The students sang Christmas carols in a cheerful spirit. They attended the online celebration in coloured clothes. Many of them wore their Christmas caps. Some even wore Santa Claus masks. The birth of Jesus Christ was enacted by the students of Grade Prep. and 1. During the festive week, the students solved different worksheets and participated in interesting activities. It was a great way to bring joy and happiness in those challenging times. The staff put in a lot of effort to make this day a memorable one. The celebration ended by wishing each other "Merry Christmas" and "Happy New Year 2021."

## IMPACT AND BENEFITS OF NEW EDUCATION POLICY FOR STUDENTS AND TEACHERS

NEP 2020 marks the beginning of the much-needed change in the Indian education system. The new 5+3+3+4 formula will enable regular assessments of a child's academic performance by National Standardized Testing and also reduce curriculum content to focus more on critical thinking and experiential learning. Far more than creating academic whizzes, the policy aims to inculcate life-skills, ethics, creativity, and human values in students. NEP will also enrich the teaching profession by introducing scholarships to attract teaching talents, revving up teacher eligibility tests and providing platforms for teacher skill development.

**HARISH SANDUJA,**  
Director Schools

greater flexibility in choice of streams. If implemented well, NEP may make India a knowledge superpower in the decades ahead.
