CREATING RESPONSIBLE CITIZENS WITH QUALITY EDUCATION

MR. SHISHIR JAIPURIA, Chairman
Seth Anandram Jaipuria Education Society

Quality education encompasses a wide spectrum of disciplines. It nurtures academic excellence, develops tech proficiency, builds non-scholastic competencies, promotes health consciousness, inculcates good values and instils an unrelenting drive to excel and succeed. Seth Anandram Jaipuria Group of Schools endorses this overarching vision for the all-round development of students' intellectual, physical and emotional faculties. Our schools foster the 21st century concepts like Design Thinking, Social Emotional Learning and value-based education in the curriculum. We have recently launched the Health Education Curriculum to nurture health awareness in students from Grade I to XII. Our vision for education is in compliance with the aims of NEP 2020 and also adheres to the UN's Sustainable Development Goals. In the long run, it will help create lifelong learners who would evolve as responsible citizens with a holistic global perspective.

MR. KISHORE MEHROTRA
Secretary
Seth Anandram Jaipuria School,
Alambagh Campus, Lucknow

Seth Anandram Jaipuria School, Alambagh, strives towards making our children effective change makers. We equip our students with essential life skills so that they can make a real difference in the world. An important paradigm of education is to impart learners a set of values and skills that are markers of good citizenship. These values include empathy, responsibility, compassion, tolerance, honesty, integrity, common civic sense and righteousness. Curriculum planning must ensure students learn about the major issues related to their city, state and nation and be aware of the global issues at the same time.

MR. MAHESH KR. MITTAL
Managing Director
Seth Anandram Jaipuria School,
Sitarganj

Successful performance in school is supported by a wide range of abilities, attitudes and socio-emotional competencies. Beyond traditional literacy and numeracy skills, life skills significantly contribute to creating a responsible citizen. SAJS, Sitarganj, promotes a novel approach to education through the development of new teaching materials and participatory teaching and learning methodology. We believe that children must be taught good values, respect for gender equality and socio-cultural diversity in the school and outside as well.

MR. LAXMI KANT PANDEY
Chairman
Seth Anandram Jaipuria School,
Varanasi

Once our late Prime Minister, Mrs. Indira Gandhi, said, "Education is a liberating force, and in our age, it is also a democratizing force, cutting across the barriers of caste and class." This statement truly reflects the key essence of quality education, which involves nurturing the tender minds in schools to help them grow as responsible citizens of India. We must aim to impart such education to our children that may help them to grow with self-confidence, awareness and a good sense of responsibility towards communities and society, at large.

MR. PUSHPRAJ SINGH PARIHAR
Secretary
Seth Anandram Jaipuria School,
Satna

Quality education involves self-exploration. It inspires students to learn about different disciplines in the curriculum and also get immersed into exploring themselves to inculcate good moral values. Morality is the foundation of character building. The child should be taught to succeed in the real world. School is a place where a blend of modern with traditional values is seen. A favourable environment must be created where children learn about the world and the self at the same time. That way, they will grow to be responsible citizens.

MR. ANADI ANAND
Director
Seth Anandram Jaipuria School,
Mirzapur

"The end product of education should be a free creative man who can battle against historical circumstances and adversities of nature," said Dr. S Radhakrishnan. Schooling insinuates such creativeness and curiosity in the young minds and helps to build the nation. True learning is a never-ending process. It entails a knowledge of life rather than mere accumulation of theoretical information. School children are like blossoming buds in the garden. We must nourish them with care and love, so that they become effective change agents and bring encomiums to the nation.

MR. VED PRAKASH BAJPAI
Director
Seth Anandram Jaipuria School,
Raebareilly

"Education is not the filling of a pail, but the lighting of a fire," - W.B. Yeats. A constructive, quality and visionary education is necessary for a nation's progress. In an age where information is easily available, the challenge is to transform this information into knowledge. Schools must be committed to impart wholesome education to students. We also need to make students aware of the severe environmental degradation so that they look beyond personal and professional achievements to become responsible citizens who care for the planet as well.

MR. SHIV PRASAD YADAV
Chairman
Seth Anandram Jaipuria School,
Dibiyapur

Our school imparts holistic, activity-based quality education enriched with moral values in a highly competitive learning environment. Teachers serve as guides who provoke thinking, creativity and competitiveness. They empower students to face challenges and transform into responsible citizens. We are committed to impart quality education that instils virtues like courage, compassion, perseverance, truthfulness, honesty and discipline in our students. In today's dynamic world, the overall development and grooming of children is of supreme importance. Our school provides the conditions and guidance to groom future leaders, entrepreneurs and professionals, who possess skills and aptitudes in an array of functional disciplines.

MR. SUSHIL TIWARI
Additional Director
Seth Anandram Jaipuria School,
Naini, Prayagraj

Education is one of the essential tools in the overall growth of an individual as well as the nation. Responsible citizenship is an act that is delivered through correct knowledge and suitable skills. Therefore, quality education can be seen as a tool to make people aware of their responsibilities. The vision of our school is to promote holistic development, build creative minds, nurture skills and empower students with the 21st century competencies to make them responsible citizens and leaders.

MR. PRATEEK AGRAWAL
Director
Seth Anandram Jaipuria School,
Nanpara

A responsible citizen knows about his/her role in the community, state and the world. A responsible citizen works towards making the world a better place. Creating this responsible citizen depends on quality education that teaches one to be productive to society. Individuals empowered with education and life-skills know well their roles and responsibilities. They participate in democratic processes actively and make informed choices that help to put the country on the path of progress.

MR. IKHLAQ AHMED
Chairman
Little One - The Jaipuria Preschool,
Jajmau

Student life is a golden period that prepares a child for a bright future. We at Little One - The Jaipuria Preschool, Jajmau, strive to enrich the first 5 years of a child. Each child is unique for us. We provide joyful and child-centric education, which extends beyond academic excellence. We create a conducive environment where children learn to explore and nurture their latent skills naturally. Children not only acquire numeracy and literacy skills, they develop the curiosity to grow as lifelong learners.

MR. GAURAV TANDON
Director
Little One - The Jaipuria Preschool,
Vikas Nagar

Education is the most essential pillar that holds the whole nation together and leads the state towards progress. It faces many challenges that are cultural, social, political, technological, and economical in nature. To triumph over these challenges advanced educational technology and new pedagogies should be introduced in every educational institution. New course of action should also be formulated to enhance the quality of education. We must understand the enormity and value of education and make it accessible so that every child has the potential to become a responsible citizen.

MS. SUMAN AGARWAL
Director
Little One - The Jaipuria Preschool,
Swaroop Nagar

School is a place where teachers and parents connect closely together to build the child's future. A good upbringing comes with good partnership of parents with the school. Education helps develop the life skills, character and thought processes inside a child. Education is the tool that majorly helps in creating responsible citizens. I believe good coordination between parents and school is one good way to create good citizens. It can help raise future-ready individuals who have the ability to make better choices and wise decisions.

TEACHER INDUCTION PROGRAMME: BUILDING COMPETENCY

A 2-day teacher induction programme was held virtually on 17 and 18 April 2021, to upskill and build competencies in the teachers of the partner schools of Seth Anandram Jaipuria Group of Educational Institutions.

Experts from the Jaipuria Group and invited guests conducted sessions on various topics such as: Curriculum at Jaipuria, Total Quality Management, Project-based Learning, Knowing Your Students etc. The first day of the training focused more on academic support and orientation of the teachers. Some of the notable facilitators on this day included Mr. Harish Sanduja, Ms Sushma Raturi, Ms Anjali Bajpai, Ms. Rashmi Minocha and Ms Tapasi De. The second day featured sessions by the likes of Mr Deepak Jain, Ms Krishna Kumari, Mr Tushar Chetwani, Dr. Richa Sood, Ms. Nirmal Dalal, Ms. Sonali Bhattacharya and Ms. Meena Suresh.

SDP WORKSHOP

On August 18, an informative workshop was conducted on the **SCHOOL DEVELOPMENT PLAN** by Ms. Shikha Banerjee, the Principal of Kanpur School. The workshop was especially designed and conducted for the Heads of the Partner Schools to inform and train them so that they can form their own development plan for schools. The key points discussed were

- Objectives of SDP
- Systematic approach towards change
- The process phase wise
- Desired outcome

NEW ASSESSMENT POLICY

C BSE as we know, has again changed the examination policy and the marking system of the board exams due to the closing down of schools and the cancellation of the board exams this year. An enlightening workshop loaded with information and guidance was delivered by Mr. Harish Sanduja, former Director Schools to the Principals of the Partner Schools on August 18, 2021. Harishji gave an insight into the syllabus division and the style of question papers that the schools require to know. It was indeed helpful as the Evaluation Test 2 is round the corner.

JAIPURIA SCHOOLS AWARDED BEST K12 SCHOOL CHAIN BY FRANCHISE INDIA

Seth Anandram Jaipuria Group of Schools was awarded in the category of **K-12 School Chain of Year (National)** at the Ed Tech Indian Education Awards, 2021.

The 11th edition of the awards, which is presented by Franchise India, was held in the month of June 2021. On June 22, the awards presented Seth Anandram Jaipuria Group with a certificate of excellence that feted the group's dominance in the K-12 domain. All schools in the network are committed to providing world-class education to students and have continued to do so despite the pandemic. The award is a deserving recognition for our dedication towards top quality education.

STTAR CELEBRATES 1ST ANNIVERSARY: A YEAR OF SUCCESS

Saamarthya Teachers Training Academy of Research (STTAR) celebrated the completion of its first year of operations on 15 July, 2021. The academy was launched in 2020 amidst the Covid-19 pandemic with the aim to build world-class teaching competencies among today's educators, a goal it is confidently fulfilling with every session.

During the year, STTAR provided over 10,000 hours of teacher training in around 60 sessions. A total of 150 schools have benefited from these trainings. STTAR also welcomed the renowned educator Dr. Swati Popat Vats in its Academic Council in August, 2021.

INVESTOR WEBINAR SERIES 2.0

A STEP TOWARDS GROWTH

The first edition of the webinar in 2020, the franchise team returned with the second edition, Investor Webinar 2.0, on June 27, 2021.

Mr. ANIRBAN BHATTACHARYA
AVP - Partner Schools

Ms. TAPASI DE
AGM - Academics

The aim of the webinar was to reach out to the potential partners in tier 2 and tier 3 cities for a possible collaboration with the Jaipuria Group. In the webinar, Mr Bhattacharya highlighted the importance and profitability of the franchise model. The webinar offered an excellent opportunity for the interested investors and edupreneurs to be a part of the massive Jaipuria conglomerate. The webinar was attended by around 500 potential investors.

DIGITAL LEADERSHIP WORKSHOP

Embracing bold ideas for a bold new world, Jaipuria Group of Educational Institutions organized a **Digital Leadership Programme** on September 13, Monday, at the auditorium of Jaipuria Institute of Management, Indirapuram. All key spokespersons of the Jaipuria Group attended the event. Chairman Mr. Shishir Jaipuria graced the occasion along with his family. Mr. Vinod Malhotra set the tone for the workshop with an insightful opening speech. Prominent speakers at the workshop included Ms. Dhvani Jaipuria, Mr. Harish Sanduja, Ms. Shikha Banerjee, Ms. Manju Rana, Ms. Poonam Kochitty, Mr. Pankaj, Ms. V Suprabha, Ms. Sushma Raturi, Ms. Anjali Khanna, Ms. Khushboo Pandey, Mr. Anirban Bhattacharya, Mr. Daviender Narang, Mr. Bikram Agarwal, and Dr. Jitendra Mishra.

VAN MAHOTSAV: MAKING THE WORLD GREEN

SAJ Group to plant 1.5 lakh saplings

A tree plantation drive titled **Van Mahotsav** was celebrated from July 1 to July 7, 2021, by Seth Anandram Jaipuria Group of Educational Institutions. All partner schools participated with vigour and planted about 2,500 saplings.

Students and teachers took the lead in this noble initiative. Many of them not just planted saplings, but vowed to look after the plants and nurture them until they become strong. Besides helping to make our world green and beautiful, the Van Mahotsav helped to inculcate in students a sensitivity towards the environment. The Jaipuria Group set the target of planting 1.5 lac saplings in the monsoon season of 2021.

IMPARTING QUALITY EDUCATION

MS. SHIKHA BANERJEE
Principal
Seth Anandram Jaipuria School,
Kanpur

Seth Anandram Jaipuria School, Kanpur, is synonymous with Quality Education. We believe in creating an ambience which is conducive to the holistic development of children. We offer a learning environment which stimulates individual potential and ensures that students are well equipped to meet the challenges of education, work and life. On the one hand, we incorporate latest technology in the curriculum, on the other, we steadfastly hold on to the three Cs in education: Collaboration, Creativity and Critical Thinking. Our endeavour is to give students a global perspective. We synergize ideas from across the world and utilize them to harness the potential of our students so that they have a wider perspective and are informed global citizens and change makers.

MS. V. SUPRABHA
Vice Principal
Seth Anandram Jaipuria School,
Ghaziabad

Quality education liberates the intellect, unlocks the imagination and is fundamental for a progressive, healthy society. The school in Ghaziabad upholds the belief that 'Education is the premise of Progress'. Our student-centered pedagogical approach is aligned with the National Education Policy (NEP). The skill-based education we impart is an integral part of the learning process with age-appropriate linguistic, numeric and social skills. We focus on project-based learning pedagogy, coupled with SEEL (Socio Emotional & Ethical Learning) & design thinking aptitude, for best learning outcomes. Our seasoned academicians encourage effective learning by challenging the young minds to look beyond the curriculum. We instil academic rigour, confidence and life skills in students to prepare them for life and the 21st century education.

MS. POONAM KOCHITTY
Principal
Seth Anandram Jaipuria School,
Lucknow

"Quality Education" are the words often used in the Vision Statement and taglines of many schools. However, "quality" is more than a printed word. Quality Education manifests in the behaviour of the school's faculty and students. Seth Anandram Jaipuria School, Lucknow, imparts quality education by building strong characters. We nurture every child to identify and hone their potential. Using a personalized approach, the school delivers a curriculum that triggers critical thinking. The teachers are learners and researchers. They make classroom teaching meaningful, relevant and engaging. Best of all, we provide world-class infrastructure with state-of-the-art facilities to take learning beyond academic excellence and inculcate sporting calibre, creativity, health and fitness in students so that they can grow into strong and confident achievers.

MS. KRISHNA KUMARI
Principal
Seth Anandram Jaipuria School,
Alambagh, Lucknow

There has been a special emphasis on quality education ever since the implementation of NCF 2005. As a school that promises quality education, our responsibility is to create lifelong learners with the attributes of global citizens. The most basic parameter is to ensure that the education is inclusive and comprehensive. We must ask: Is the inherent potential of each child recognized? Is the instructional practice based on learning styles and needs of students? Is the curriculum holistic and delivered as an integrated unit? Does the child have age appropriate linguistic, numeric and social skills? All these yardsticks must be met to impart quality education.

MR. PANKAJ SHARMA
Principal
Seth Anandram Jaipuria School,
Sitarganj

We, at Seth Anandram Jaipuria school, Sitarganj, are committed to impart quality education with an objective to change and contribute both locally and nationally. While the core curriculum is diligently followed, we believe that it is vital to provide students with the leadership opportunities, character education and exposure to new technologies. Albert Einstein said, "I never teach my pupils; I only attempt to provide the conditions in which they can learn". Our school strives to create the right conditions for students to learn and be inspired to lead with conviction.

MS. SHWETA TIWARI
Principal
Seth Anandram Jaipuria School,
Varanasi

The 21st century knowledge-driven society has 'Quality' as its defining element. The field of education, too, is witnessing a transformation. The use of 3D technology is becoming prevalent. Collaborative and spaced learning methods have been introduced and the Flipped Classroom Concept is encouraging the Generation Alpha to be well equipped for the times ahead. Gamification in learning, which was earlier confined to elementary classes, is now being well incorporated in senior school learning processes. At SAJS, Varanasi, we are working in the direction of ensuring an all-round development of children and building on their knowledge and experiences.

MS. KAJAL MEHTA
Principal
Seth Anandram Jaipuria School,
Satna

Education is a passage to progress. It is an amalgam of formal and informal learning, which includes acquiring knowledge, values, skills, beliefs and moral habits. Raising children into adults with respect, empathy and compassion is paramount. The goal of imparting quality education is to make children independent and become responsible citizens. In the 21st century, technology is a predominant tool for learning. The school should ignite a spark in students to pursue technological competence to facilitate positive learning outcomes.

MS. SRIDEVI BHERI
Principal
Seth Anandram Jaipuria School,
Mirzapur

"Knowledge is power, information is liberating, and education is the premise of progress in every family, in every society." This quote by the former UN Secretary General, Kofi Anan, explains the significance of quality education for the development of a community. But what is quality education? I strongly believe that it entails creating an environment which inspires a child to be inquisitive, imaginative, and self-learner. The pandemic has compelled us to revamp our systems. The need of the hour is to ensure that education's quality remains uncompromised even in the online mode.

MS. JOAN E NATHAN
Headmistress
Seth Anandram Jaipuria School,
Raebareilly

Every child has the fundamental right to get quality education – one that helps them acquire basic literacy and numeracy, enjoy learning without fear, and feel valued and included, irrespective of their background. In my opinion, we can achieve quality education by using advanced teaching methods, customizable rubrics and marking schemes, continuous quality improvement and through presentation of outcomes with automated mind mapping. Our vision is to empower students to acquire, articulate and value knowledge and skills that will support them as life-long learners.

DR. PANKAJ SHARMA
Principal
Seth Anandram Jaipuria School,
Dibiyapur

I am honoured to have the opportunity to lead a school with an excellent education network system, a great student community and an extremely dedicated team of teachers. We, at Jaipuria, strive towards best quality education with technically adequate classrooms, competent faculty and a creative platform for our students. I feel greatly proud to share with you that we have been awarded the 'Best CBSE School Award' from the Government of India for effectively incorporating technology to enhance teaching-learning process in the classrooms.

MS. RITU SRIVASTAVA
Principal
Seth Anandram Jaipuria School,
Naini, Prayagraj

Quality education is one that focuses on the social, emotional, mental, physical and cognitive development of every student, regardless of gender, race, ethnicity, socio-economic status. Imparting it requires a vision that our school has endorsed from the start. It's a vision of excellence in all spheres of education, be it maintaining quality infrastructure, providing the best facilities and recruiting trained professional teachers. We are committed to creating a positive, safe, and stimulating environment for children to learn and grow with confidence.

MR. ASHLEY OSWALD FERNANDEZ
Principal
Seth Anandram Jaipuria School,
Nanpara

In the fast-paced world we live in, technological advancements have made it imperative for us to learn, unlearn and relearn. We must be able to produce 21st century leaders equipped with 21st century skills. Emphasis must be laid not only on good teaching, but wholesome experiential project-based learning and robust assessments - both formative and summative. Quality education should have the right mix of curricular, co-curricular and extra-curricular activities. Socio-Emotional Learning, Design Thinking and Health and Hygiene must be well integrated into the curriculum.

MS. DARAKSHA AHMED
Principal
Little One-The Jaipuria
Preschool, Jajmau, Kanpur

Every child deserves easy access to quality early-childhood education, as it lays a strong foundation for learning. It helps specifically in skill development, which in turn promotes lifelong learning opportunities. We believe a happy child is a successful one. We lead and support the early-learning community by providing positive, safe and meaningful child-centered, play and activity-based curriculum that builds life skills, independence, confidence and resilience, so that children attain their fullest potential and make a smooth transition to senior school and society.

MS. TRIPTI PREM
Headmistress
Little One-The Jaipuria
Preschool, Vikas Nagar, Kanpur

We, at Little ONE, Vikas Nagar, have a balanced curriculum and believe in honing the creative skills of students. We firmly believe that children must develop cognitive and analytical skills to understand a topic better. We consider it our responsibility to provide them with a suitable environment for learning. Apart from classroom, outdoor visits for learning as well as recreation are also an essential part of quality education. The interactive 3D experiences via Augmented Reality have already started to replace the traditional methods of teaching and learning.

ONLINE QUIZ TIME

Seth Anandram Jaipuria School, Alambagh, Lucknow, organized a virtual quiz for classes 6 to 10. The participants were divided into two groups: Group 1 for classes 9th and 10th and Group 2 for classes 6th to 8th. Four teams played in each group. After the initial elimination round, the teams met for the final round on 31st July 2021. This round had three sections: visual round, online quiz and rapid fire. It turned out to be a nail-biting contest. The results were announced and certificates given away the next day. The winners were ecstatic.

SCHOOL EVENTS AT A GLANCE

WORSHIPPING LORD KRISHNA

On the holy occasion of Janmashtami the mighty Jaipurians of **Seth Anandram Jaipuria School, Sitarganj**, presented a wonderful dance to pay tribute to Lord Krishna and screened a documentary showing the fast friendship of Krishna and Sudama. The kindergarten students were given a virtual activity of Krishna - Radha Sajao. The children dressed up as Lord Krishna and Radha. They performed dance and a few other interesting acts. The event was a huge success and was highly praised by one and all.

CELEBRATING NATIONAL SPORTS DAY WITH ZEAL

National Sports Day was celebrated at **Seth Anandram Jaipuria School, Varanasi**, on 27th August 2021 with great enthusiasm. 50 students participated in six events, including Badminton, Carrom, Chess, Race (50 m), Relay Race (50x4), and Cricket. The celebration was inaugurated with the garlanding of the portrait of the legendary hockey player, Major Dhyanchand. The participants displayed impressive sporting calibre. The school's Director Mr. K.K. Pandey gave away the medals and trophies to the winners.

MAKING FATHER'S DAY SPECIAL

Father's Day was celebrated with much zeal at **Seth Anandram Jaipuria School, Satna**. We organized a 'Selfie Contest' in which children took part along with their fathers. They clicked selfies together and shared them with us for the top prize. The contest was open to children from other schools as well. The response we got was overwhelming. Many children expressed their love for fathers in essay writing competition. Others made colourful cards, sang songs, recited poetry to eulogize their father.

TAKING A STAND AGAINST CHILD LABOUR

The World Day Against Child Labour focuses on the action taken for the elimination of child labour practices. **Seth Anandram Jaipuria School, Raebareli**, observed the day with various activities to create awareness and forge a better understanding of the issue among students. The tiny tots of Pre-Primary and Primary section celebrated the day by doing fun-filled craft activities. Children showcased their talent in various colouring competitions and poster-making contests. The event was organised online and the winners were felicitated on August 15.

PATRIOTIC FERVOUR ON INDEPENDENCE DAY

A patriotic fervour filled the hearts of the students and teachers of **Seth Anandram Jaipuria School, Naini**, on the occasion of India's Independence Day. This year's Independence Day was special because it marked the beginning of the 75th year of India's great march in the world as a free nation. To celebrate the occasion, we organized a virtual celebration. Students and teachers took part enthusiastically. There was flag hoisting, the singing of the National Anthem, and many performances with patriotic themes. It was the day we all felt extremely proud to be Indians.

75th INDEPENDENCE DAY CELEBRATIONS

On the occasion of the 75th Independence Day, **Seth Anandram Jaipuria School, Mirzapur**, organized an online celebration in which students performed patriotic songs and dance. The fancy dress presentation by toddler Jaipurians was the showstopper. Students wowed one and all by dressing up as the legendary figures of India's Independence struggle, such as Rani Laxmibai, Shaheed Bhagat Singh, Chandrashekhar Azad, Mahatma Gandhi, Taty Tope etc. On this occasion teachers also presented a skit on 'We Are Indian'.

WE AT LITTLE ONE...

SCHOOL REOPENING CEREMONY

On 8th September 2021, a Puja Ceremony was organised on the school campus to invoke the blessings of God for the re-opening of the Nanpara school. The event started at 11:00 am with a kirtan. The whole school was beautifully decorated for the ceremony. The event was attended by dignitaries of the city 5pm onwards. There was live music and lots of good wishes for the school's reopening. The evening concluded with a sumptuous dinner. The response from the people was very encouraging.

SPLASH OF COLOURS ON HOLI

The festival of Holi spread cheer among the cute cherubs of **Little One - The Jaipuria Preschool, Jajmau**. We celebrated the festival with eco-friendly herbal colours and flower petals. It was a dry festivity as no water was used or wasted. A mood of celebration, excitement and exuberance made Holi special for the little ones and teachers. There was laughter, joy and merry-making in the air. The children danced to the beats of Holi songs and enjoyed themselves to the fullest. It was a day of many happy moments and memories.

JANMASHTAMI CELEBRATIONS

Celebrations of festivals create a social and cultural awareness in children. To nurture in students a fondness for tradition, **Little One - The Jaipuria Preschool, Swaroop Nagar**, organized the Janmashtami celebrations. Janmashtami is the occasion to celebrate Lord Krishna's birthday. Children were dressed up as Krishna and Radha and performed baal-leela and devotional songs. The overall atmosphere was of piety and reverence. It was a great occasion to bring smiles to the faces of children and teachers.

CHILDREN DRESSED UP AS NATIONAL HEROES

History came alive at **Little One - The Jaipuria Preschool, Vikas Nagar**, on the occasion of India's Independence Day. To celebrate the day, we organized a Fancy Dress Competition in which children dressed up as famous national personalities. They sang the National Anthem and saluted the tricolour. Patriotic songs and poetry set the mood. A Quiz Competition was also organised for the students. The school's Principal, Ms. Tripti Prem, addressed the children and urged them to take pride in being Indian. At last, the winners of the competitions were awarded with certificates.

CREATING RESPONSIBLE CITIZENS WITH QUALITY EDUCATION

Creation of responsible citizens is an elaborate process that begins with quality foundational education in preschools and continues to higher education and often culminates into lifelong learning. From preschools to management institutes, Seth Anandram Jaipuria Group covers the entire gamut. By teaching children through the student-centric concepts of active learning and flipped classroom, we create a strong knowledge and skill base for multi-disciplinary education in higher grades. Advanced pedagogical strategies are adopted to maximize learning outcomes. Besides nurturing academic excellence, we strive to create in students the health awareness, a robust value system, and environmental sensitivity so that they grow up to pursue professional success with a broader vision of concern for humanitarian and climate issues as well. Such an individual is a responsible global citizen.

MS. MANJU RANA
Director Schools

Universal quality education that reaches not just the metro cities but the far-flung areas of India is imperative to creating responsible citizens who are also effective change agents. The latest FICCI report predicts that by 2030, the number of school children in India is estimated to be 300 million (30 crore). This is indeed an impressive figure, but to fully realize the potential of this population dividend, we must ensure that quality education does not end up as a preserve of the elite. Seth Anandram Jaipuria Group of Schools has taken world-class education to the interiors of India and is committed to expand its reach to more Tier II & Tier III cities by opening 25 K-12 schools across North India in the next 5 years. Only when quality education is accessible to everyone can we hope to create citizens who are responsible, empowered and enlightened.

MR. ANIRBAN BHATTACHARYA
AVP - Partner Schools
